INNOVATIVE SOLUTIONS – ACROSS THE GENERATIONS

DESIGN, QUALITY, COMFORT

—————  KESSEBÖHMER —————

FOR GENERATIONS, THE NAME KESSEBÖHMER HAS STOOD FOR INNOVATIVE SOLUTIONS – A STRONG BLEND OF DESIGN, FUNCTION AND QUALITY. Today Kesseböhmer remains a successful owner-managed company group.

Our core competence is in metal processing. We work with wire, sheet metal and tubing. Products are finished in our in-house electroplating and powder-coating facilities. Our strong customer orientation has helped us to build and maintain our position as the leading supplier of functional fittings for kitchen units.

Our well-designed products help end-users to keep storage space tidy and check all the contents at a glance. They help to make best use of space and make kitchen work more efficient. These benefits are strong selling points for kitchens. In addition, kitchen manufacturers and kitchen fitters profit from the ultra-easy assembly and adjustment of our pull-outs

and other fittings. More and more of our products use snap-on connections, so that they can be assembled without tools. The result is time savings and quality gains.

From the initial idea to final shipment, every step of the process is in-house – including developing and engineering production machinery and tooling. This is why we're so good at turning innovative ideas into products – quickly and successfully.

Fascinating functionality. Impressive design. Quality that sets standards.

Quality

We are absolutely committed to supplying high quality products. We want you to enjoy using them throughout their long service lives.

FROM CLASSIC TO CONTEMPORARY

OUR VERSATILE TRAY VARIANTS

 KESSEBÖHMER

PEOPLE CHOOSING A NEW KITCHEN SET A HIGH PRIORITY ON ATTRACTIVE DESIGN – ALSO FOR THE INTERIOR FITTINGS – AS AN IMPORTANT PURCHASE CRITERION. This means that function and optics should blend in a homogenous whole, the interior fittings must harmonize with the overall kitchen design.

Our design variants ARENA classic, ARENA style and ARENA pure, metal trays/baskets are used in all our larder pull-outs, and in corner and base units. All ARENA variants combine optimal functionality and attractive design with maximum space utilization – thanks to the railing being attached to the outer edge of the tray.

ARENA style

FINE DESIGN AND PERFECT WORKMANSHIP

 KESSEBÖHMER

reddot design award

THIS CONTEMPORARY DESIGN FEATURES A STREAMLINED RAILING MADE OF METAL BANDS AROUND THE BOTTOM PANEL. The clear, straight lines harmonize especially well with contemporary kitchens and add value from the inside out. International recognition, for example the red dot design award, underline the outstanding design.

ARENA plus anti-slip coating

WELCOME TO YOUR
QUIET KITCHEN

— KESSEBÖHMER —

KESSEBÖHMER'S SPECIAL ARENAPLUS COATING prevents pots and pans, crockery and groceries slipping and sliding when a pull-out is opened or a carousel turned.

ARENAplus

SoftSTOPP, SoftSTOPPplus & SoftSTOPPpro

FOR GENTLE BRAKING AND SILENT CLOSING

—  KESSEBÖHMER —

**SoftSTOPP, SoftSTOPplus & SoftSTOPpro
IS THE BEST COMBINATION AS A HIGH-
PERFORMANCE DAMPING SYSTEM FOR
CABINETS DESIGNED TO TAKE HIGH LOADS.**

The SoftSTOPP range harmonizes movement sequences.

SoftSTOPP delivers damped closing.

SoftSTOPplus delivers damped closing plus self-closing.

SoftSTOPpro delivers damped opening.

Synchromatic

THE NEW STANDARD FOR RELIABLE FUNCTIONALITY
DAY IN, DAY OUT

 KESSEBÖHMER

THIS INNOVATIVE SYNCHRONIZATION SYSTEM

makes sure that the runner segments always automatically line up in "zero" position – regardless of how often and how far the pull-out is opened. This guarantees perfect closing every time.

QUALITY
WE ARE ABSOLUTELY COMMITTED
TO SUPPLYING HIGH QUALITY PRODUCTS.

We want you to enjoy using them throughout their long service lives. This is why we subject them to exhaustive quality, endurance and safety tests. We achieve high and lasting quality through strict quality management with continuous monitoring and testing. The effective forces, tight manufacturing tolerances and movement distances are all sensor checked; the spring forces generated in the fittings are monitored to ensure that the high-precision movement sequences and dimensional accuracy in the adjustment range are maintained within tight tolerances. Only then are we satisfied and sure that our products will deliver what we have promised.

Our manufacturing processes are certified to demonstrate that we can meet product specifications. We set a high priority on durable, high quality materials and on high precision processing during our manufacturing processes. Samples from each batch are subjected to endurance tests. In addition, we use continuous camera-based process monitoring and maintain high occupational safety standards for our employees.

Our R&D engineers use the most advanced technical design aids and develop products that will be manufactured using the latest process technologies. The highest level of user-friendliness and convenience is a very high priority from the start. It's an ongoing challenge for us to combine outstanding engineering with elegant, aesthetically pleasing design. And we're naturally delighted if this symbiosis wins us awards.

TurnMotion II

All-round, effortless access
for storage space

MIXED DOUBLE

REFRIGERATOR PAIRED WITH CENTRAL STORAGE

— KESSEBÖHMER —

THE KESSEBÖHMER CONVOY PULL-OUT HAS THE SPACE TO STORE ALL A HOUSEHOLD'S GROCERIES IN ONE CENTRAL UNIT WITH A VERY SMALL FOOTPRINT. And with only one hand movement, all foods are completely conveyed out of the cupboard – for the best overview from two or even three sides and faster access to the stored foods. This simplifies kitchen work, saves time and effort, helps you plan your food storage and have everything within easy reach. Together, fridge and CONVOY create a food storage centre for your home. It's available **24 hours a day – 7 days a week.**

Tray height is steplessly adjustable – no tools required.

THERE ARE MANY REASONS FOR CHOOSING CONVOY – HERE ARE SOME OF THE MAIN ONES:

- 1 Top runner concealed by the tray. The redesigned runner connections mean more choice with fewer variants.
- 2 Straightforward loading and unloading from the front and side.
- 3 Easy, stepless height adjustment for the trays – no tools required.
- 4 All the household groceries can be stored in just one unit.
- 5 Quiet – damping is standard. The automatic closing mechanism has been optimized for CONVOY. The silent storage unit!
- 6 Improved smooth action. A new runner system ensures CONVOY glides even more softly out of the cabinet.

CONVOY Centro

FOOD STORAGE SYSTEM
WITH DOUBLE DAMPING

- > Single-tube support frame and "floating" trays
- > Frame concealed behind the front panel
- > Absolutely smooth action
- > Damped closing and opening (world first) :
Noiseless opening and closing
- > Change tray height steplessly and easily
- > Transparent galleries: Full overview of everything inside
- > Side gallery can be removed: Barrierless retrieval, so optimal use of space - even on the top tray

Packing: 1 set

CONVOY Lavidò

UNCOMPLICATED OPENNESS

 KESSEBÖHMER

CONVOY Lavido

FULL ACCESS FROM THREE SIDES

— KESSEBÖHMER —

GREAT FLEXIBILITY AND STRIKING LOOKS. CONVOY Lavido HIGHLIGHTS THE WIDE SCOPE OF THE WHOLE CONVOY SYSTEM. The Lavido fitting moves independently of the front panel, so that it can be combined easily with different cabinet concepts – behind sliding doors, for example.

This attractive fitting for tall storage units is the ideal solution for contemporary kitchens, and also for wider use, for example, in dining rooms or offices. A number of intelligent details make it a premium product in terms of technology too.

CONVOY Premio

EFFORTLESS OVERVIEW, ABSOLUTELY SMOOTH ACTION

 KESSEBÖHMER

CONVOY Premio

EFFORTLESS OVERVIEW AND ACCESS

— KESSEBÖHMER —

THE CONVOY Premio „FLOATS“ ALL THE CONTENTS RIGHT OUT OF THE CABINET. Opening the door – at an angle of up to 135° – initiates a fluid movement sequence, SoftSTOPpro slows the opening movement and then completes it under precision control. With damped self-closing, the fitting glides softly and silently back into the unit.

Full-extension means a totally unobstructed view – from three sides – of all the contents. The sophisticated engineering that underlies this perfect opening and closing is unobtrusive.

reddot design award

- > Larder unit full-extension pull-out incl. door follower
- > Opening the door pulls the fitting automatically out of the unit
- > With the door open, users have instant access to all contents from 3 sides
- > Only one gentle pull to move all the contents from 3 sides
- > Very easy action with damped

TANDEM I

TWO SHELVES BEHIND ONE DOOR

 KESSEBÖHMER

TANDEM

MORE STORAGE SPACE, BETTER ORGANIZED,
CLEARER OVERVIEW

TANDEM OFFERS COMPLETELY NEW POTENTIAL FOR FOOD STORAGE – JUST OPENING THE DOOR IS AN INSPIRATION. In a clever piece of engineering, the back shelf element moves automatically towards the user as the door is pulled open. Kitchen users can check contents at a glance and easily reach what they want. The shelf element on the door contributes to optimal use of the available space!

Double the gain by installing two TANDEMs in one kitchen unit: as a TANDEM Depot, in 90-, 100- and 120-cm units.

+1000%

MORE OVERALL VIEW COMPARED TO PULL-OUT DRAWERS AND REMOVABLE SHELVES

Simply ingenious! Ingeniously simple: TANDEM turns one chaotic cupboard into two clear shelf units.

When the door is opened, the contents are divided into the door shelf unit (like a fridge) and the cabinet shelf unit, which even slides automatically towards you. The result: Everything is in sight! Everything is conveniently to hand!

The division into cabinet and door shelf units doubles the visible area once opened.

So, there are 100% more stored goods on view than with pull-outs and removable shelves. **Divided cupboard – twice the overall view!**

Removable shelves

TANDEM

+100% more overall view

Pull-outs

- > Split storage – front + rear shelf units – for a better overview and more transparency
- > Emotional movement sequences: The front (door) shelf swings open with the door; The rear shelf is automatically drawn forward
- > Same frame for left and right installation – simplifies planning – independent of cabinet height
- > Mature, reliable runner system

Basket type	Inside cabinet width/ door width (mm)	Inside cabinet height (mm)	Number of tray	Colour finish	Cat. No.	Price* (MYR)
	562 / 600	≥ 1100	4	Chrome / Ice white	545.94.551 	6,355.00

TurnMotion II

ALL-ROUND, EFFORTLESS ACCESS

WITH TurnMotion II, THE FITTING REVOLVES EFFORTLESSLY TO MOVE ANY SIDE ROUND TO FACE YOU. EACH TRAY TURNS INDIVIDUALLY BY 360° IN EITHER DIRECTION SO THAT ANY SECTION OF THE CONTENTS CAN BE TURNED INTO CLEAR VIEW AND EASY REACH. This fitting is an ultra-practical solution for storage space that is above the ergonomically accessible height. It's also perfect for the often under-utilized space above integrated appliances.

Stops on each of the four sides lock the tray temporarily in position so that items can be lifted in or out safely. TurnMotion II trays are height adjustable so that you can position them at the height you need.

A complete set – for a fast fix! TurnMotion II comes ready prepared for fast, zero-error installation. The TurnMotion II design

concept puts the highest priority on quick and easy assembly and effortless, reliable operation. The mounting strips are simply screwed onto the carcass sides. This can be done either ahead of the carcass press or later on-site while the kitchen is being installed. The trays with the pre-mounted support arms are then hooked securely into the mounting strips. No tools are required!

The TurnMotion II is available in a single-tray or double-tray variant, making it ideal for any storage height – including, for example, the cabinet above the oven.

A TurnMotion II fitting can be easily retrofitted into any 60-cm tall cabinet. Wood screws are included in the package if the fitting is supplied for retrofitting or on-site assembly by a kitchen fitter.

- > Easy access to all the contents by turning the trays
- > No need to clear away front items to reach items at the back
- > Excellent overview of all the contents
- > Well-organized with a perfect overview

COMFORT II

SMOOTH ACTION, ADAPTABLE, USER-FRIENDLY

EASY ASSEMBLY, EFFORTLESS ADJUSTMENT

 KESSEBÖHMER

ULTRA-EASY ClickFixx CONNECTION BETWEEN FRAME AND RUNNER, SIMPLE 3D FINE ADJUSTMENT FOR THE FRONT PANEL, ABSOLUTELY SMOOTH ACTION, EFFICIENT USE OF SPACE THANKS TO HEIGHT-ADJUSTABLE TRAYS – THAT'S THE COMFORT II.

The compact 30-cm base unit pull-out lets users fill every centimetre and customise the pull-out to suit their special requirements. The COMFORT II is ideal for storing cooking ingredients; it provides an amazing amount of storage space, plus a clear view of all the contents. The pull-out glides softly and smoothly out in front of the cabinet. Everything needed for a great meal is instantly ready to hand.

Kesseböhmer has added the option of a spice rack to its tried-and-tested COMFORT pull-out. The spice rack is the perfect add-on for the COMFORT concept. The spice rack is made of a single piece of shaped, powder-coated metal. It was designed to be as deep as possible, but still allow a clear view and easy access to vinegars and oils and other items stored in the lower trays. It offers an amazing amount of storage space to take a lot of spice jars.

It's surprising how much space there is in the pull-out and how flexibly it can be used.

- > Full extension for base units – entire contents slide out in front of the cabinet
- > Optimal overview, very good access
- > Space-saving design
- > Uses the whole width of the unit
- > Balancing screw for optimal action
- > 3D adjustment in real time – perfect gap alignment in minute

A SMALL UNIT WITH BIG BENEFITS

cookingAGENT

AMAZING CAPACITY

 KESSEBÖHMER

The plastic bottom panels of the clip-on baskets can be taken out and washed – they're dishwasher safe, like all the other plastic elements in a cookingAGENT.

Your chopping board is stored right in the middle to save space and be easily reachable. The exact position is up to you.

Your favourite knives are right there ready and waiting. Plastic slats fit into in a container to form a perfect knife block. The slats can be lifted out for cleaning and you can reposition the whole knife holder whenever you want to.

Practical plastic containers help you to work faster and more efficiently. Lift them out with their contents and put them close to where you're working. The slanted opening makes access even easier.

”

A cookingAGENT IS A PROFESSIONAL ASSET THAT FITS EVEN THE SMALLEST KITCHEN. COOKING IS SO EASY - WHEN ALL YOUR INGREDIENTS AND IMPLEMENTS ARE CLOSE TO HAND.

- > A perfectly customised storage unit that stores exactly what you want - in the tightest possible space - with everything instantly accessible
- > All critical components has been tested for food safety and are designed for very easy cleaning. All plastic elements are dishwasher safe

cleaningAGENT

A PRACTICAL SOLUTION, EASY TO USE
AND EASY TO CLEAN

 KESSEBÖHMER

TOTALLY PRACTICAL, EXTREMELY COMPACT AND MANUFACTURED TO THE HIGHEST STANDARDS. For all its compact design, cleaningAGENT has a lot of practical features and ample space for all your cleaning stuff. The top layer compartments organize sponges, brushes and other implements. Top marks for practicality: the basket with the ergonomic easy-grip handle.

The fit-in box is the ideal place to put damp sponges – and it acts as a useful divider for the top container. Everything is in clear view and easy to reach from above.

The cleaningAGENT caddy can be installed – or retrofitted – left- or right-handed in a kitchen unit. Opening the door and sliding the caddy out are two separate actions. cleaningAGENT offers a maximum of practical storage with the smallest possible footprint.

The lift-out container stands firmly on rubber feet that also ensure there's no risk of scratches.

- > Suitable for sink unit cabinet
- > Pull the whole caddy out with one finger. Close it with a gentle push
- > A perfectly customised storage unit to keep all cleaning materials neat and tidy and that access is quick and easy
- > Container with ergonomic easy-grip handle
- > All the plastic containers can be lifted out and washed by hand or in dishwasher
- > The caddy will always be clean and hygienic

For 90 cm corner
base units

LeMans II

OPTIMAL FUNCTIONALITY FOR
FASCINATING EASE OF USE

 KESSEBÖHMER

LeMans offers up to

70%

more storage area
than a base unit with pull-out
drawers next to the blind corner!

reddot design award

PLUS X AWARD®

German
Design Award

+70%

MORE STORAGE AREA

THAN A BASE UNIT WITH PULL-OUT DRAWERS NEXT TO THE BLIND CORNER!

LeMans swings corner storage into easy reach.

The clever design of the trays expands the actual storage area by up to 70%. This is a clear gain compared with similar drawer cabinet.

LeMans 
+70% more storage area

Pull-out drawer 

CORNERING IN STYLE!

The controlled and perfectly fluid sequence of movements is a seamless combination of turning and swinging. The trays move independently to bring the entire cabinet contents into easy reach!

LeMans swings the contents **out in front**.

LeMans II

Distinctive **form and function** – and that goes not only for the Le Mans race track itself, but also for the sophisticated corner unit solution from Kesseböhmer with the same name.

LeMans is an extremely robust storage system with a load capacity of up to **25kg per tray**.

Damped self-closing means **whisper-quiet closing** even fully loaded.

Users **select tray heights** to suit their needs and cut out wasted space. With **optimal access** at all times, LeMans makes perfect use of corner space!

The trays move smoothly and almost effortlessly out of the unit ...

... so that users have a clear view of all the contents and optimal access.

LeMans II scores high on efficiency and benefits.

- > Swinging curves: Fluid, emotional, harmonious action
- > Kinematics with 4 pivot points : minimal force required for silky smooth movements
- > All stored contents swing out in front of the unit
- > Easy height changes: The unit adapts to the content
- > Trays move independently
- > Fully functional at 85° door opening angle: Flexible planning option; No risk of handles colliding

Set components complete with mounting and drilling template, including self-closing damping system
Packing: 1 set

MagicCorner

THE “MAGIC” SOLUTION FOR CORNER SPACE

 KESSEBÖHMER

Adjustable frame for 90 and 100 cm
cabinet widths

Precisely defined
movement sequences

STANDARD WITH:

ARENAplus
Anti-slip coating

As the front pull-out opens ...

... and swings aside.

The follower draws the rear element to the front of the cabinet.

- > Amazing technology: The opening movement brings the front section of the unit out in front of the unit, while the back section moves forward for optimal access and ergonomics
- > Rectangular trays for rectangular cabinet: very good use of space
- > Clickfixx - toolless assembly and simple adjustment

 KESSEBÖHMER

iMove

The intelligent pull-down system
for wall units

CLIMBER

Multi-faceted
and glamorous

iMove

INTELLIGENT MOVEMENT

 KESSEBÖHMER

iMove SETS NEW STANDARDS FOR WALL UNITS. THE PRODUCT COMBINES BEAUTY AND PRACTICALITY IN EFFORTLESS MOVEMENT. IT'S TRULY CLEVER!

There's easy operation, more reachable storage, a clearer view, fast access. The innovative iMove pull-down transforms a conventional wall unit into an ergonomic storage system with big user benefits. The iMove and its contents are pulled downwards and outwards in one easy movement. And the iMove combines practical benefits with a brilliantly stylish design.

CLIMBER

MULTI-FACETTED AND GLAMOROUS

— KESSEBÖHMER —

EXCLUSIVE DESIGNER PIECE: CLIMBER

CONTEMPORARY & ELEGANT

 KESSEBÖHMER

SHIMMERING GLASS AND GLAMOROUS MOVEMENTS:

THE CLIMBER IS A VERY SPECIAL WALL UNIT. A light touch underneath the carcass starts the shimmering front splitting into slats that glide upwards in sequence to form a block at the top. The carcass is available in three heights and four widths, in black, white or a stainless steel finish. The glass slats come in a choice of six colours.

The optics may be elaborate, but installing a CLIMBER could scarcely be easier. The carcass is supplied ready assembled with the motor installed. On-site, the glass slats are positioned and screwed on, the glass shelves are inserted and the electric cables connected. And an exquisite piece of furniture is ready. Combining the latest technology and fine materials, it will enhance any room in your home. Kesseböhmer is your export sales partner for this exclusive designer piece.

- > Emotional opening experience
- > eTouch - tap lightly underneath the cabinet to set the slats in smooth motion
- > Concealed technology
- > Easy installation
- > Incl. glass shelf

Colour finish	Dimension (W x D x H) mm	Colour finish	Cat. No.	Price* (MYR)

LINERO MosaiQ

Versatile, variable and
eye-catching design

LINERO MosaiQ

HUGE USER CHOICE, FINE DESIGN

 KESSEBÖHMER

THE NAME SUMS IT UP – the new midway elements are yours to mix and match, like mosaic stones, along the elegant rail. The multi-functional, anodised aluminium rail is the basic element in this variable system. The many practical optional elements are hooked in above or below the rail and can be moved or rearranged whenever you want to. And of course, LINERO MosaiQ is compatible with Kesseböhmer's successful Linero 2000 System.

Quality consistent
with our actions.

Quality management and **operational reliability**

- Permanent online monitoring of all process parameters
- Two independent electroplating plants – at separate locations – will make sure we can meet all delivery schedules
- Extensive preventive measures for fire safety
- The entire production area is designed as an acid-proof chemical collection sump according to the German Water Resources Act
- Certified to DIN EN ISO 9001:2008
Certified to DIN EN ISO 14001
Certified to DIN EN ISO 50001
Certified to TS 16949 (summer 2015)
- We can switch between two independent energy sources (wood and gas) to guarantee supply security

Our chrome is shiny clean **green!**

All our processes are optimised to ensure sparing and environmentally friendly use of valuable raw materials and resources. At the same time, careful selection of materials and responsible processing produce products with a long service life.

- Recirculation of flushing water and treatment of circulating water
- Mono-sludge production for recovery of recyclable materials (eg, nickel, copper, chrome)
- We use hexavalent and trivalent electrolytes for chrome-plating
- Evaporation system for recirculation of the hexavalent chrome electrolyte
- Intake air is heated by heat recovered from waste air
- Extensive preventive measures for fire safety

LIFETIME WARRANTY

IN RESPECT OF FUNCTION AND USE

CONGRATULATIONS ON YOUR PURCHASE! THIS PRODUCT CONTAINS QUALITY COMPONENTS FROM KESSEBÖHMER (FRAMES, BASKETS, TRAYS, ETC.). THESE SYSTEMS COMPLY WITH THE HIGHEST INDUSTRIAL REQUIREMENTS. WE HEREBY CONFIRM THE ASSUMPTION OF A **LIFETIME GUARANTEE** ON THE FUNCTION AND CHARACTERISTICS OF USE OF ALL KESSEBÖHMER PRODUCTS PROVIDED THAT THEY ARE HANDLED AND USED CORRECTLY. HERE LIFETIME WE REFER TO THE LIFETIME OF A KITCHEN WHICH THE MAXIMUM OF IT IS FIFTEEN YEARS.

THE GUARANTEE DOES NOT APPLY TO WEAR PARTS. OUR PRODUCTS COMPLY WITH DIN 68930:1998 AND DGM RAL-GZ 430 WITH RESPECT TO CORROSION. UNDER THE GUARANTEE AGREEMENT, KESSEBÖHMER ASSUMES LIABILITY FOR DAMAGE TO OUR PRODUCTS DUE TO DEFECTS IN DESIGN, MANUFACTURING OR MATERIALS. WHERE DAMAGE IS PROVEN, KESSEBÖHMER WILL REPLACE THE FITTINGS FREE OF CHARGE.

THE GUARANTEE PERIOD EQUALS THE LIFETIME OF THE KITCHEN, WHOSE MAXIMUM USUALLY IS FIFTEEN YEARS. THIS PERIOD IS STARTING ON THE DATE OF ACCEPTANCE OF THE GOODS, OR THE LATEST 30 DAYS AFTER INSTALLATION HAS BEEN COMPLETED. KESSEBÖHMER'S LIABILITY ASSUMES THAT THE PART HAS BEEN INSTALLED IN ACCORDANCE WITH ITS INTENDED USE AND WITH GENERALLY ACCEPTED TECHNICAL PRINCIPLES AND THAT KESSEBÖHMER'S INSTALLATION INSTRUCTIONS HAVE BEEN STRICTLY ADHERED TO. ANY DAMAGE MUST BE REPORTED TO KESSEBÖHMER IMMEDIATELY IN WRITING AND THE AFFECTED PRODUCTS AND EXAMPLES OF THE DAMAGE MUST BE KEPT FOR INSPECTION. KESSEBÖHMER RESERVES THE RIGHT TO HAVE ITS OWN OR THIRD-PARTY EXPERTS INSPECT AND VERIFY THE DAMAGE.

ARENAplus

RUTSCHSTOPP

ARENAplus *Rutschstopp* is a highly-effective anti-slip coating. Applied to the surfaces of trays for kitchen pull-outs and corner carousels, it stops stored items from slipping when the units are opened or shut.

The coating stops contents rattling and minimizes the risk of pots and pans leaving score marks on surfaces.

ARENAplus *Rutschstopp* is a transparent surface coating that is applied to the trays in a special process.

The coating meets all LGA criteria for use in kitchens:

- Easy to clean and care for
- Safe for food
- Durable anti-slip effect
- Moistureproof
- UV resistance
- Anti-static properties

In 2003, a panel of international experts awarded the innovative, patented ARENAplus *Rutschstopp* coating an Interzum Award in the category “Highest product quality”.

Care instructions for surfaces with ARENAplus RUTSCHSTOPP anti-slip coating

Wipe surfaces with a damp, lint-free cloth.

Dirt can be removed with dishwashing detergent, or a mild cleaning fluid, diluted with water.
