

# Magnetic Tools

**54810**

**HD010**

**Bat Type Demagnetizer**

## Features :

- ▶ Demagnetizing press die, plastic mold, large plate steel... etc
- ▶ Portable and easy to operate
- ▶ Demagnetizing simple and fast, no need to unloading mold from machine.
- ▶ Less chips left on mold and increase the lifecycle.

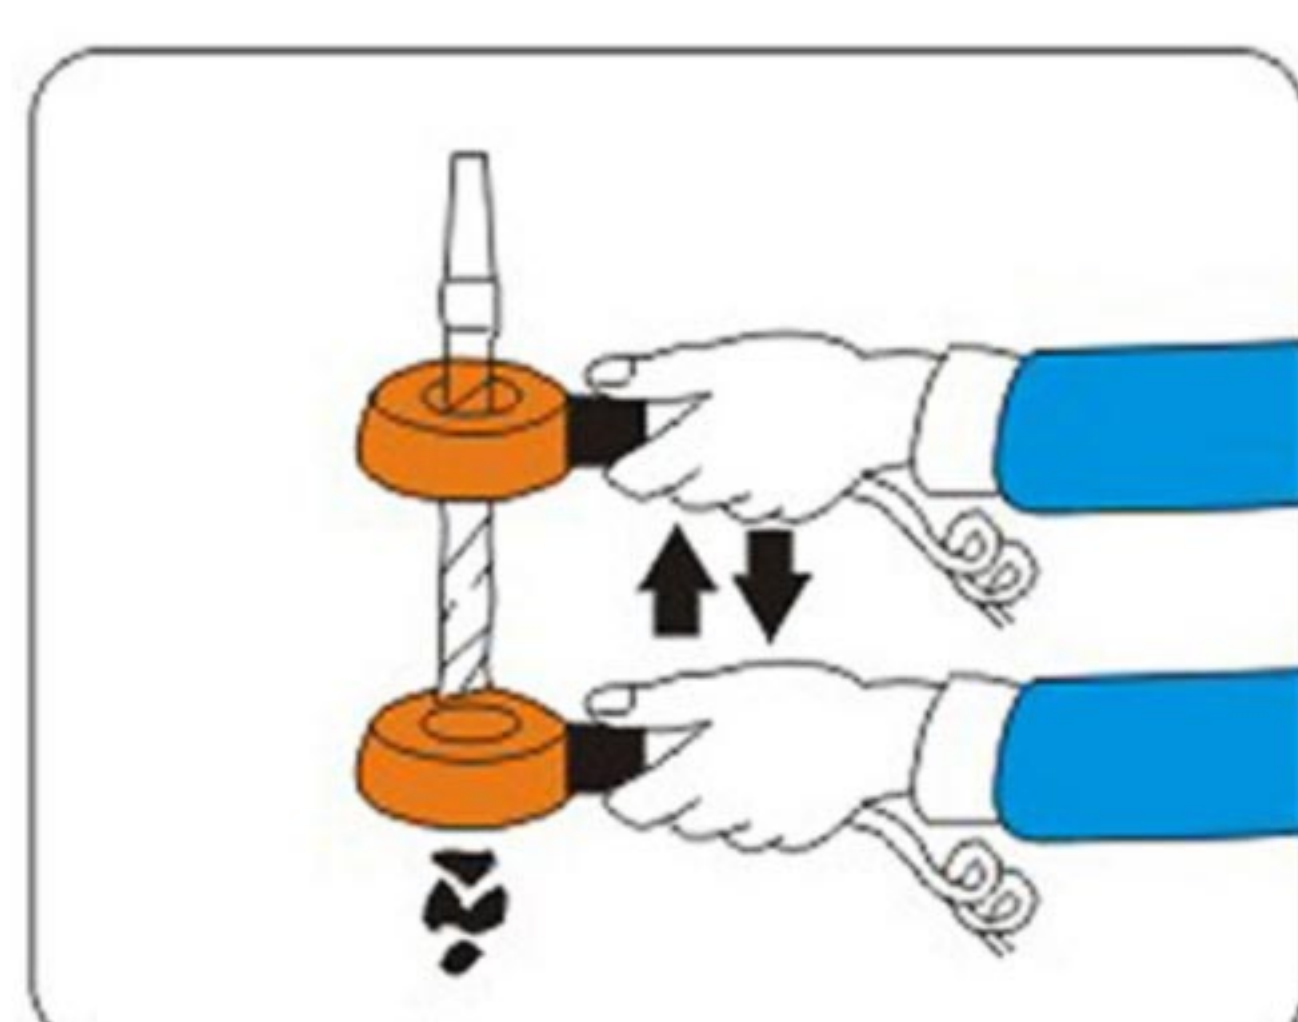

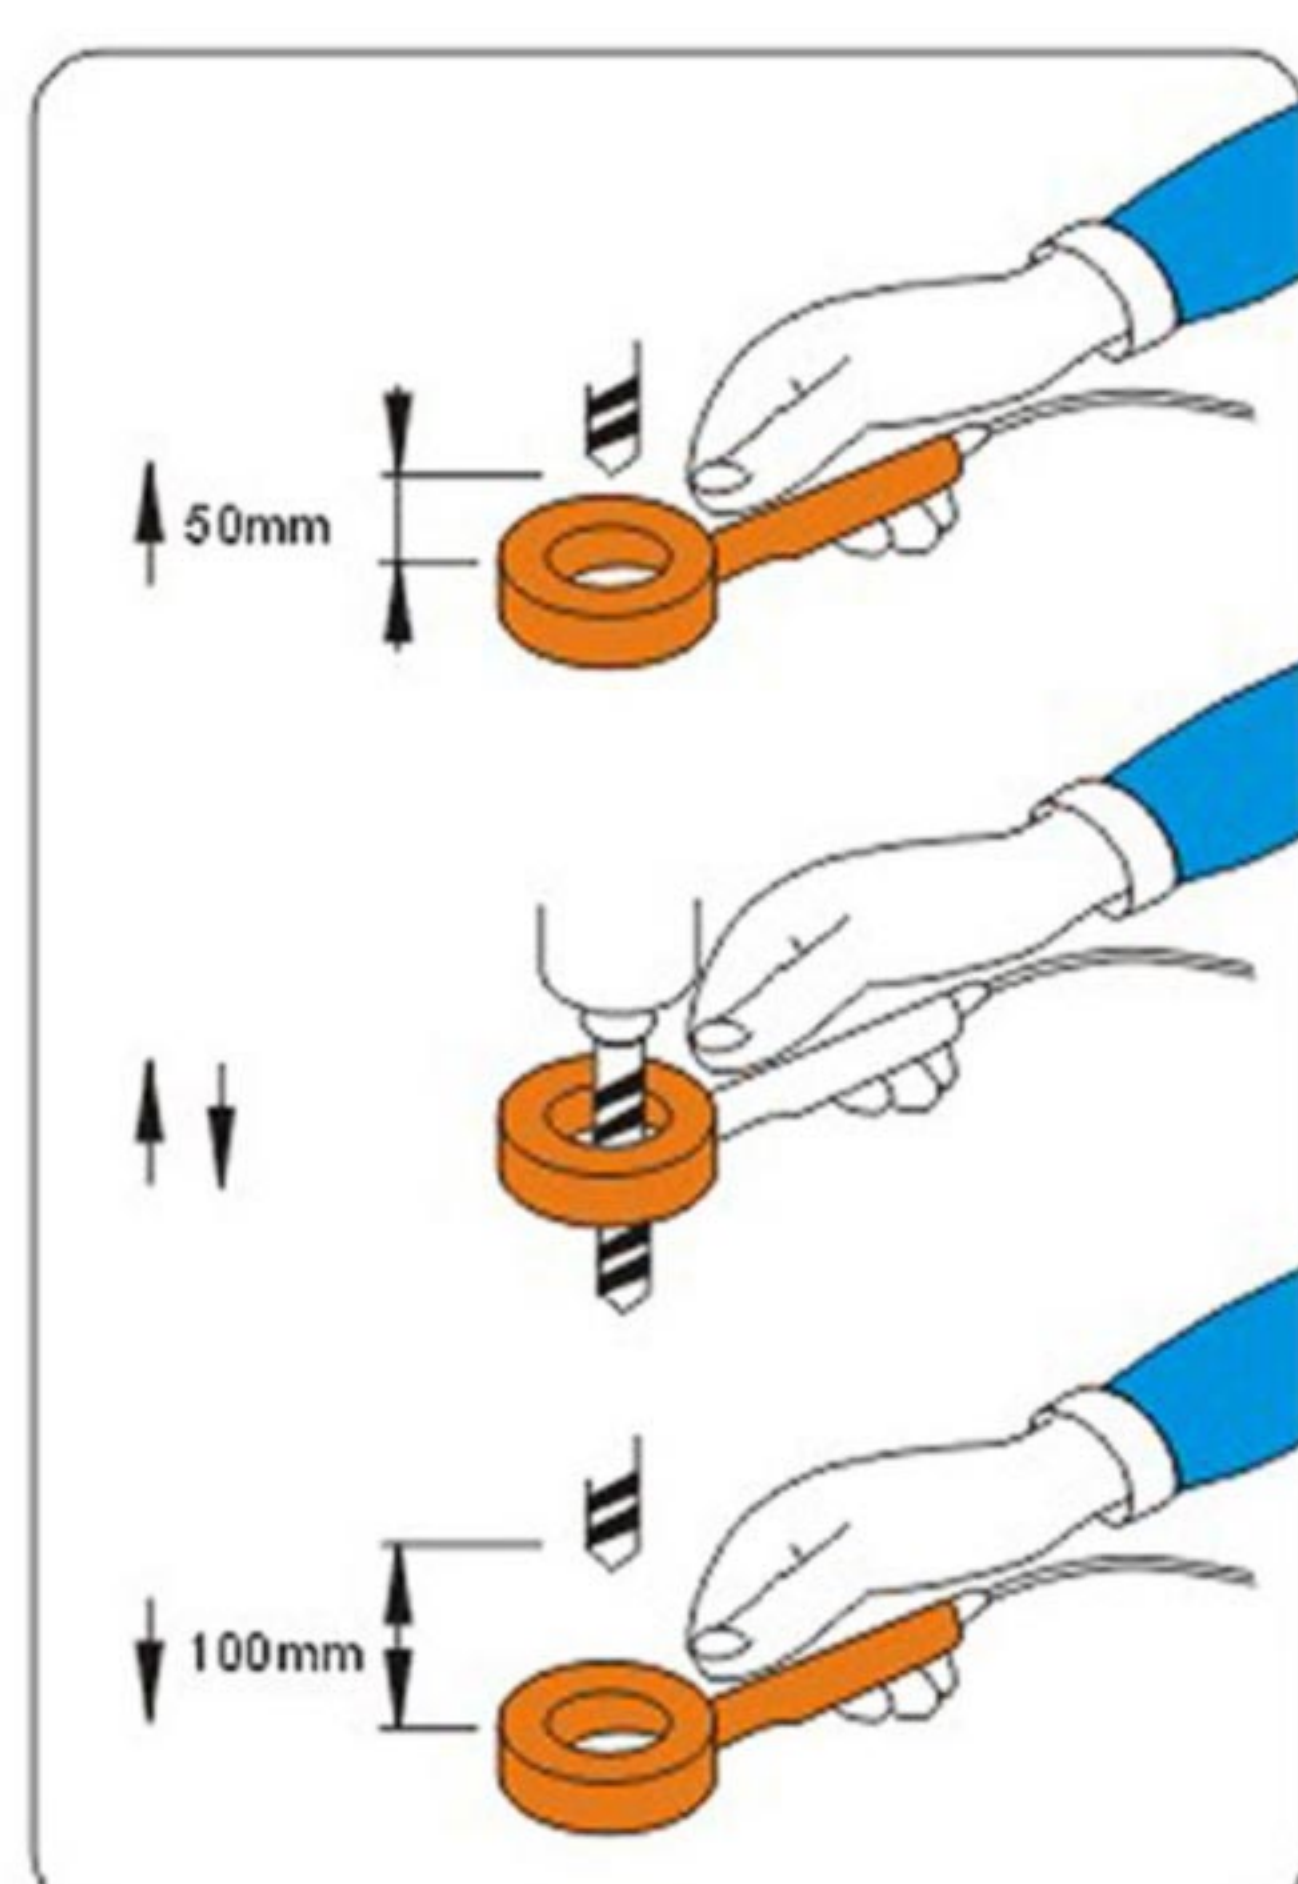

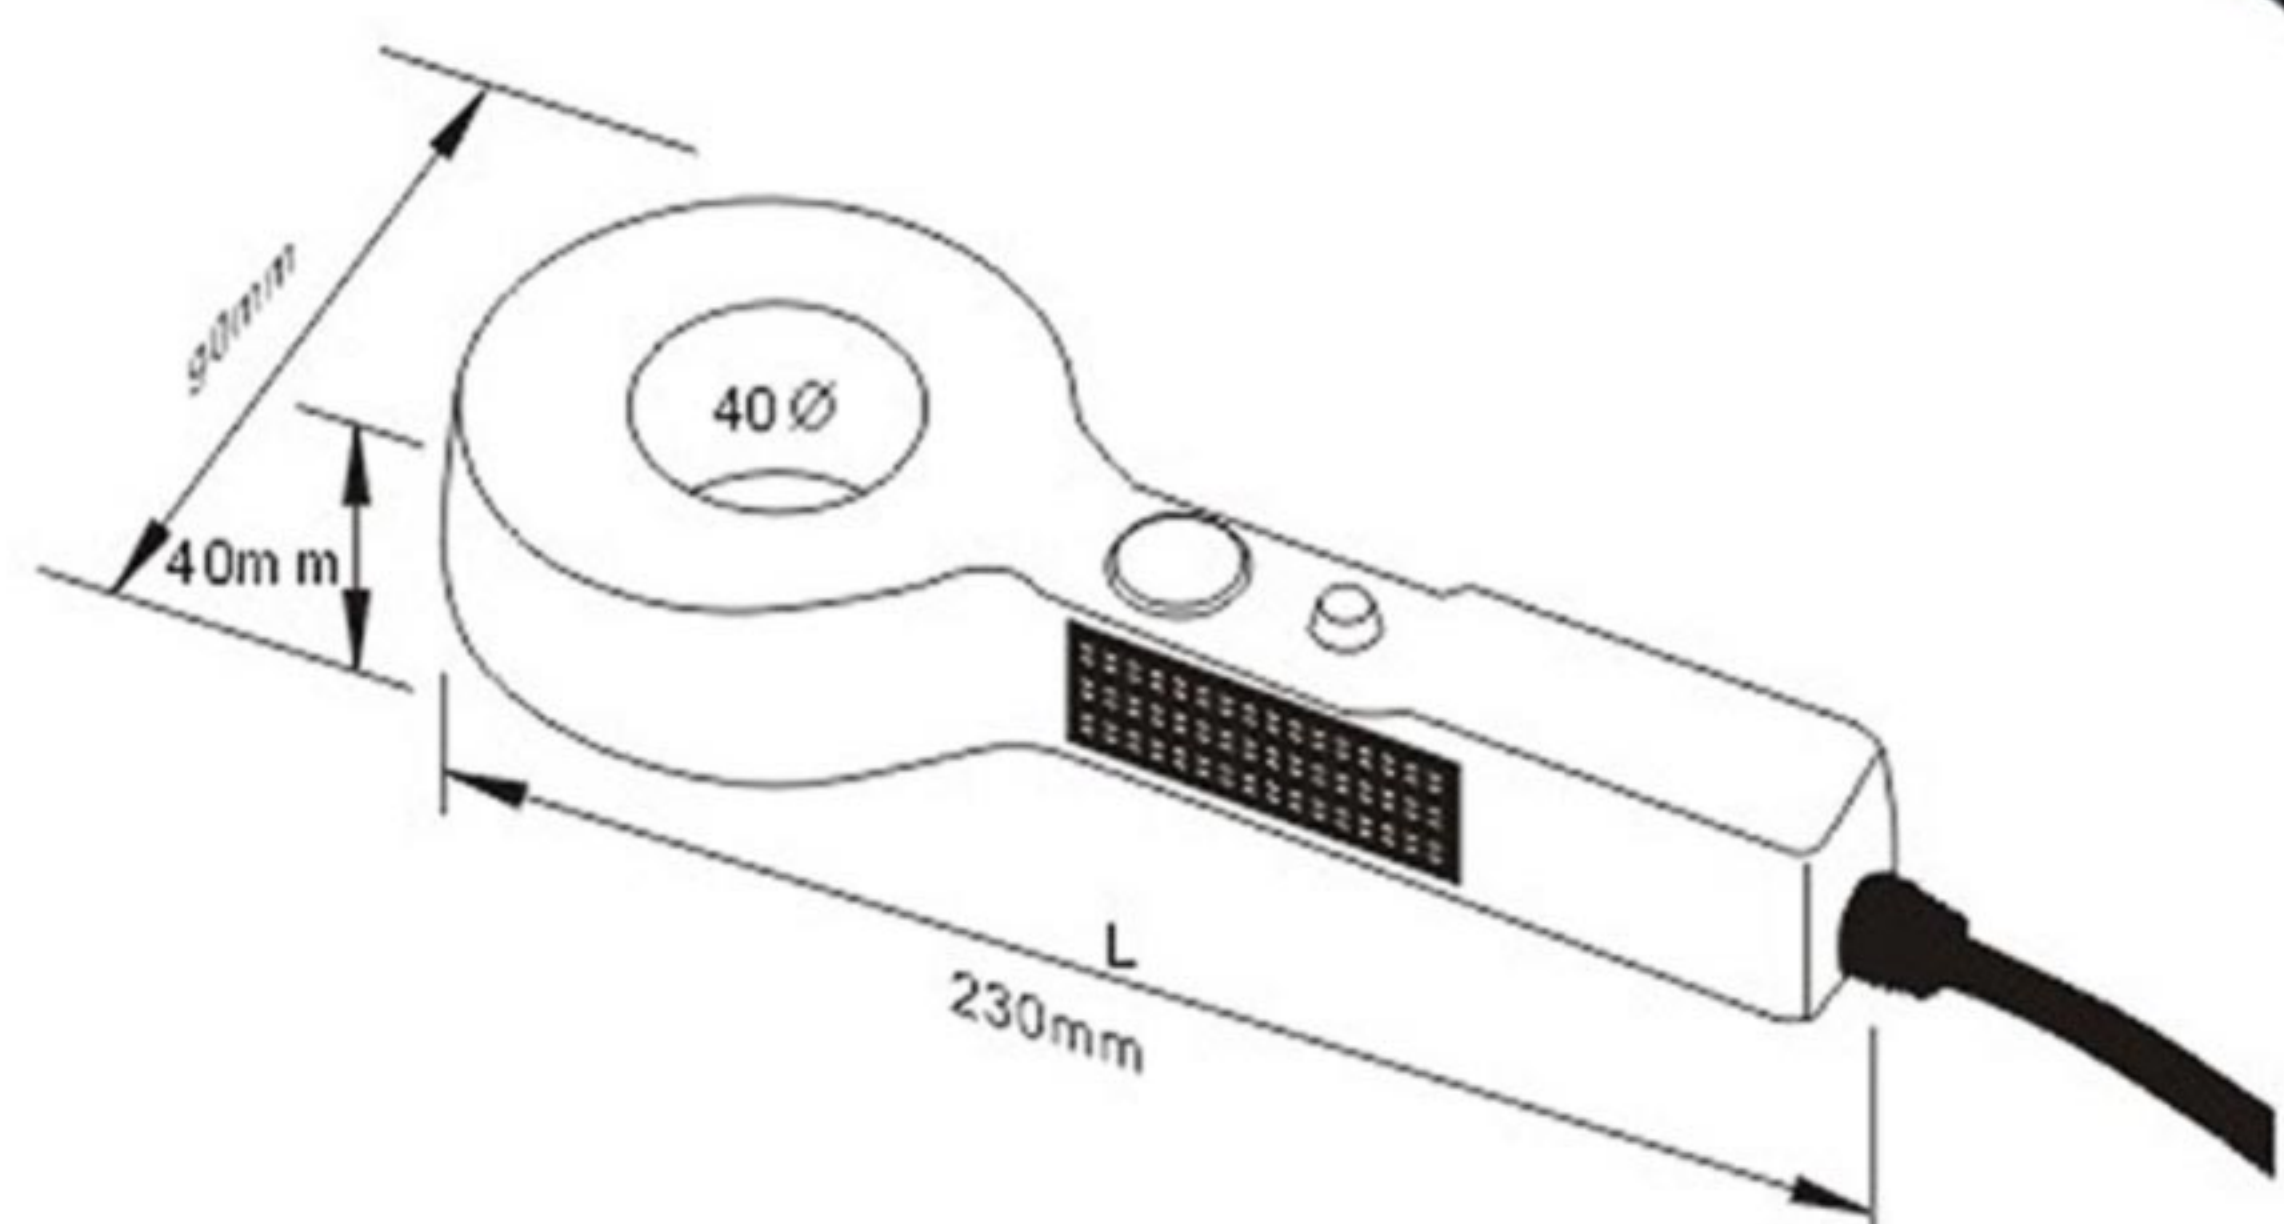

Unit:mm

| Order No. | Model | Voltage    | Current | Duty cycle | L   | W  | H  | N.W.  |
|-----------|-------|------------|---------|------------|-----|----|----|-------|
| 54810-110 | HD010 | AC110V 1PH | 1.1A    | 20%        | 350 | 36 | 34 | 1.1kg |
| 54810-220 | HD010 | AC220V 1PH | 0.5A    | 20%        | 350 | 36 | 34 | 1.1kg |

**54816**

**HD030**

**Circular Type Demagnetizer**

## Features :

- ▶ Demagnetizing drill, cutting tool, cutter and other tools such as slide calipers.
- ▶ Demagnetizing with tools installed on machine with no problem.
- ▶ Temperature protection; electrifying for 1 min. and pausing for 4 mins.
- ▶ Portable and easy to operate.
- ▶ Adopting aluminum to form body for rigid and durable.

Unit:mm

| Order No. | Model | Voltage    | Current | Duty cycle | L   | W  | H  | N.W.   |
|-----------|-------|------------|---------|------------|-----|----|----|--------|
| 54816-110 | HD030 | AC110V 1PH | 0.85A   | 20%        | 225 | 91 | 40 | 0.85kg |
| 54816-220 | HD030 | AC220V 1PH | 0.3A    | 20%        | 225 | 91 | 40 | 0.85kg |
