EU Mouting Face Plate

- Kit of 45×45 back module with Snap-in front module
- Flat faceplate also available in 1 to 4 ports versions
- Labelling windows
- White colour

Application

The EU style wallplate is designed to accommodate LANmark Snap-in connectors.It has standard 86×86mm EU dimensions.

For detailed information in Nexans Snap-in connectors,please refer to the corresponding datasheets.

Guarantees

The plastic material is UL 94V-0.

Installation

The Snap-In connectors easily clip in the shuttered front module, which then is mounted into the 45x45 module without the need for any tools.

The inclined faceplate also protects the patch cords and prevents dust entry when the shutters are left open.

Features:

- Labelling window for easy management and port identification.
- Compatible with all Nexans Snap-In format connectors and adaptors
