

## UNIVERSAL LOADING FRAME

### Loading Frames : Accessories for Uniaxial And Unconfined Compression Tests

Special design for low capacity to carry compression test such as triaxial, unconfined and etc.

#### FEATURES:-

- \*Large LED display board.
- \*Accurate stepper motor speed control.
- \*With microprocessor base.
- \*Simple key pad control system.

#### Technical Specifications :

<b>Model Number</b>	<b>NL 5019 X / 001</b>
Capacity	10 kN
Speed Range	0.0001 mm / min - 4.8 mm / min
Platen Travel	100 mm
Dimension (mm)	310 (L) x 380 (W) x 1100 (H)
Approx. Weight	85 kg
Power	220 - 240 V, 50 / 60 Hz, 1 ph
