

# EGE HC30A Modular

Born for aisles, workshop and warehouse applications etc

100W/ 150W/ 200W

160lm/W

IP65

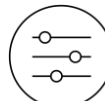

IK10

Microwave sensor

PIR sensor

Adjustable power

## Optimized structure

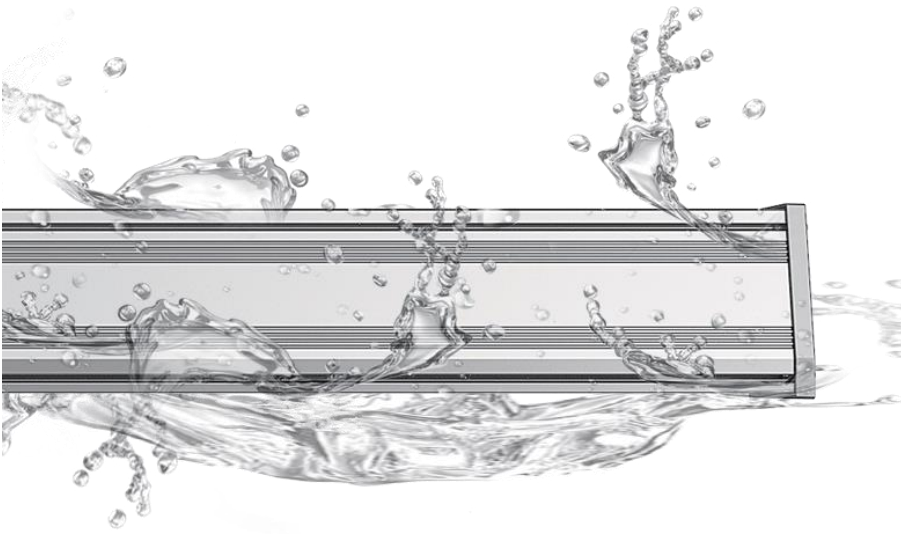

Saving SKU and meet different projects demands.

Save SKU

Fast delivery

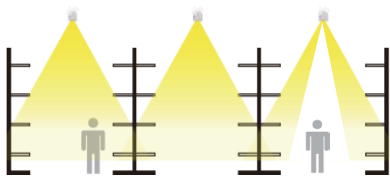

## High reliability

IP65 waterproof chamber and IK10. Protect well in humid and vandal-proof required environments.

## Multiple optics optional

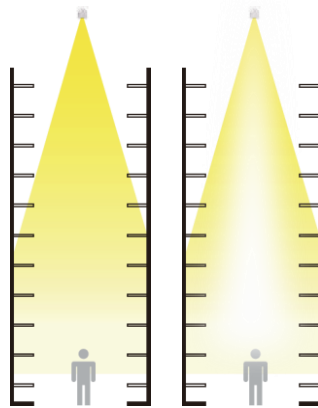

Offering effective lighting solutions.

Fixture Emcacy: 160lm/W

Racks: 3~4M

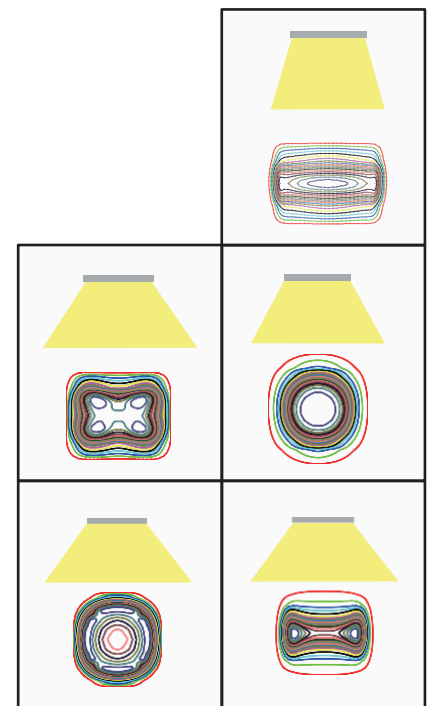

Recommended Installation Height: 3-6M

Fixture Emcacy: 160lm/W

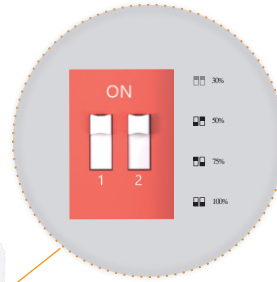

Racks: 1.5~3M

Recommended Installation Height: 6-14M

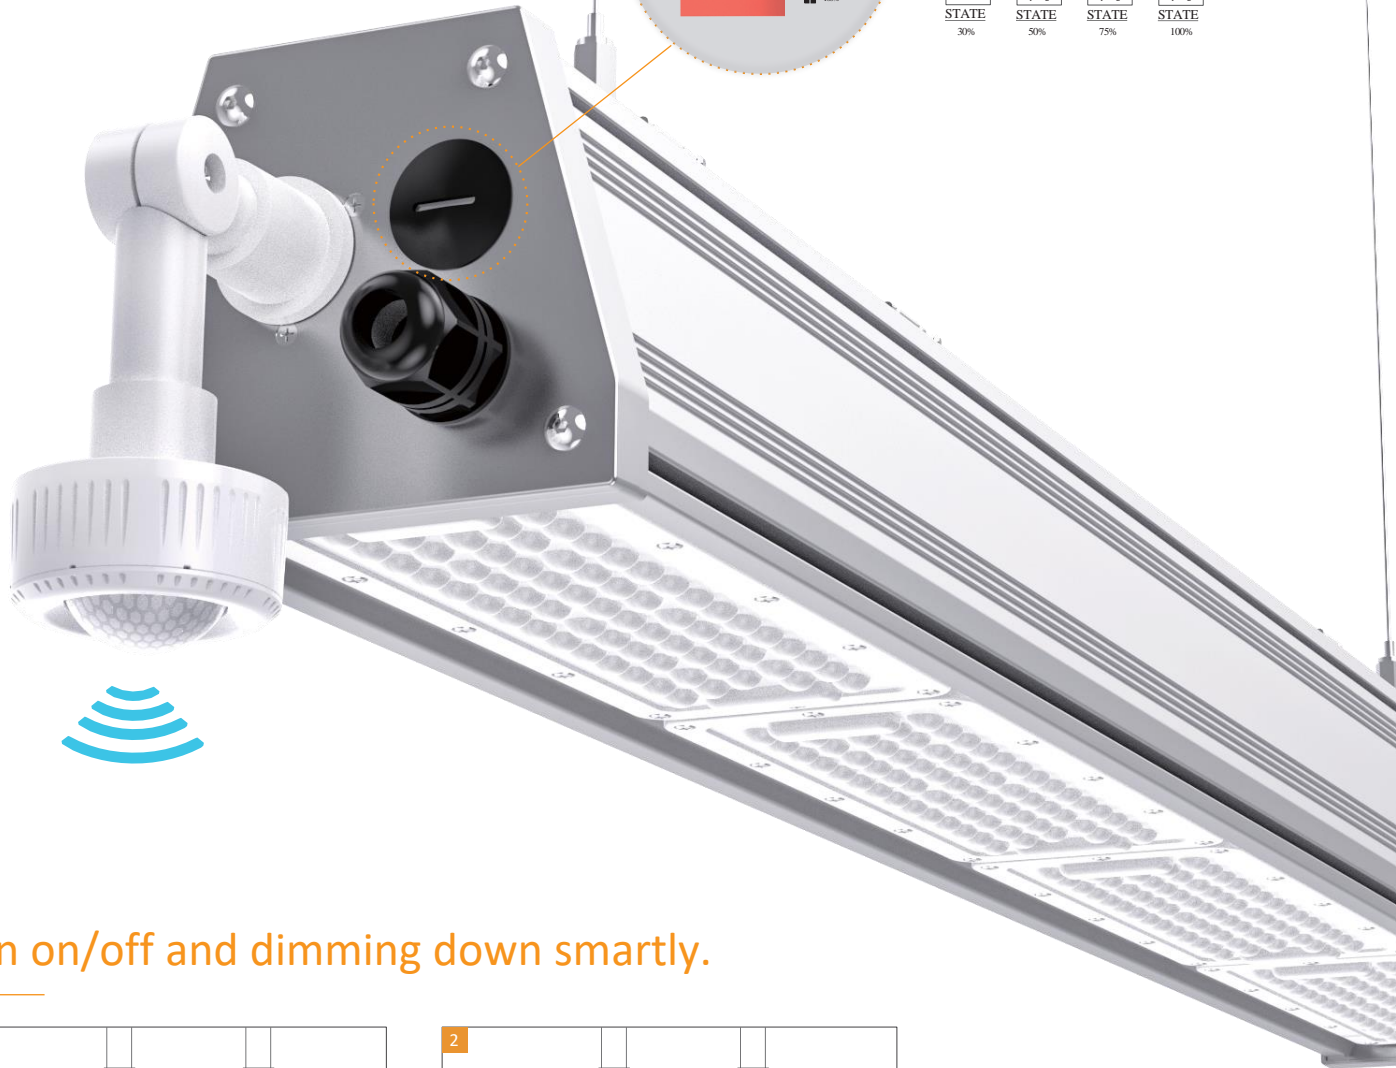

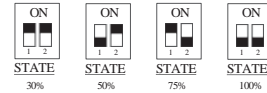

## Microwave & PIR Sensor optional

Plug-and-play sensor control make it more energy-saving.

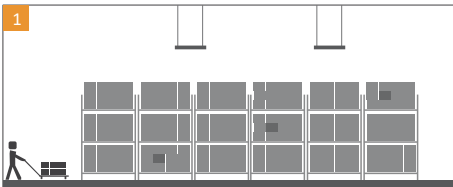

## Power adjustable optional

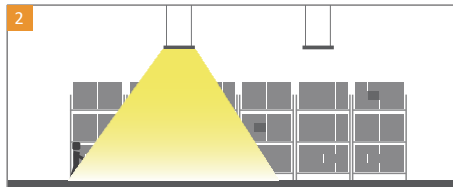

100%/75%/50%/30%adjustable

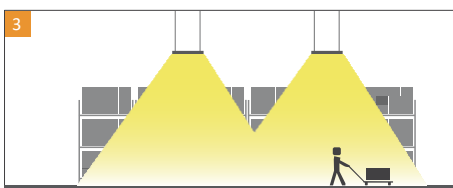

## Turn on/off and dimming down smartly.

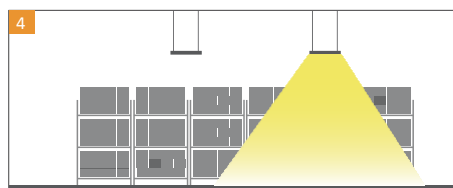

Lamp is not bright when no movement is detected.

When any movement is detected, 100% brightness lit up.

After hold time brightness reduce to 30% if no new motion is detected.

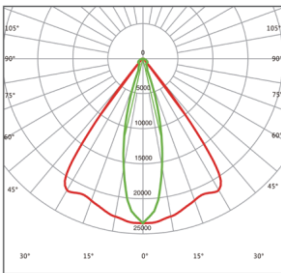

After stand-by period, light switch off if no new motion is detected.

# LHB35 Product Range

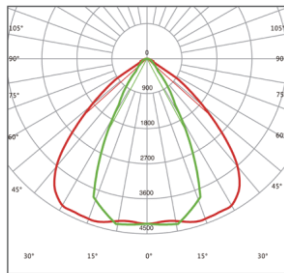

Model No	EGE-HC30A-100	EGE-HC30A-150	EGE-HC30A-200
Power Consumption(±5%)	100W	150W	200W
Input Voltage	120-240 Vac, 50 / 60 Hz		
Control	0-10V dimmable		
Luminous Flux	16000lm	24000lm	32000lm
Emcacy(4000K Ra80)	160lm/W		
Beam Angle	L06401 (30x70° ), L06402 (50x90° ), L06403 (120° ), L06404 (40x120° ), L06405 (90° ), L06406 (Tilt 40° )		
CCT & CRI	4000K (3000K, 5000K optional), Ra80 (Ra70 optional)		
Protection Rating	IP65, IK10		
Operating Temperature	-30°C to + 40°C
