

HUAHENG

ORBITAL Welding System

HUAHENG WELDING CO., LTD.

● Tungsten Grinding Machine

Features

- Simple structure design, easy to operate;
- Tungsten cutting and grinding;
- Calibration display for angle and cutting length;
- Technical Specification.

▲ WHM05

Technical Specification

Tungsten OD (mm)	All OD
Power (w)	250
Rotation speed (rpm)	2800
Input Voltage (V)	220
Weight (KG)	16.5

● Portable Tungsten Electrode Grinding Machine

Features

- Small and convenient to carry;
- Chargeable Lithium battery;
- Stable rotation with cutting function.

▲ WMJ01

Technical Specification

Tungsten OD (mm)	Φ1.0、Φ1.6、Φ2.4
Tungsten angle (°)	15-60
Charge Voltage (V)	AC 220
Dimension (mm)	50 × 50 × 240
Weight (kg)	1.8

● External/Integrated Wire Feeder

Features

- Unique and simple design;
- Light, easy to carry;
- Branded servo motor driving system;
- Loop control;
- Stable wire feeding speed;
- Compatible with all TO series tube to tube welding head.

Technical Specification

	HWT10	TOA50
Wire feeding speed (mm/min)	100-1800	100-1800
Wire Diameter (mm)	Φ1.0 (standard)	Φ1.0 (standard)
Wire weight (kg)	7.34	1.5

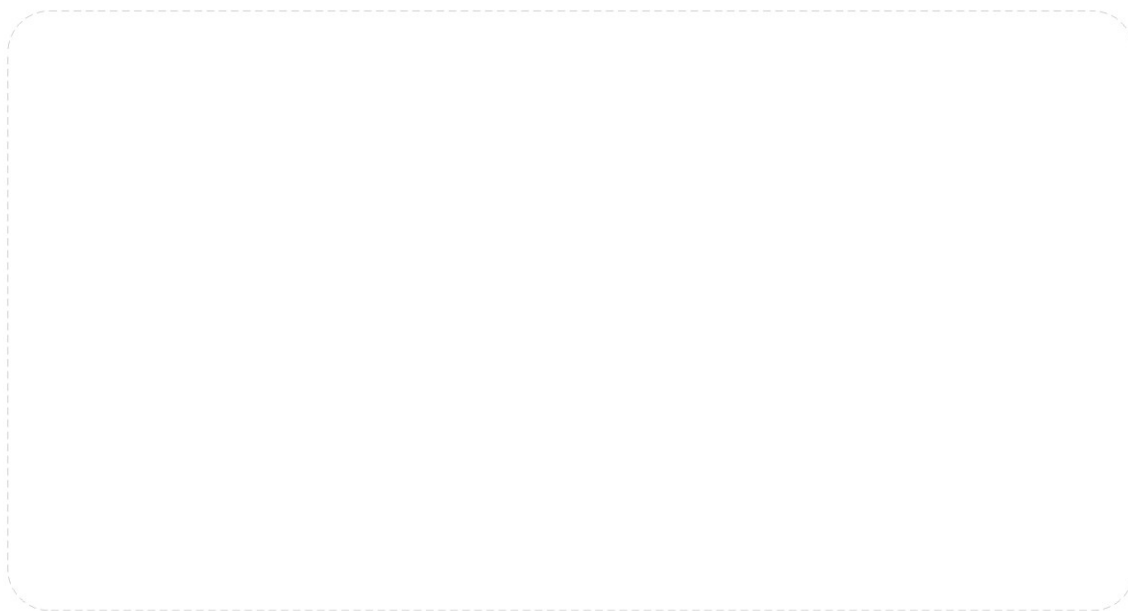

▲ HWT10

▲ TOA50
