

WATER LEAKING SENSOR SYSTEM GTA03 WLS9291

*"Smart Detection.
Instant Protection".*

MODEL SPECIFICATIONS

Model: GTA03WLSS

Power Supply: AC220V

Detection Sensitivity: >200K Ω

Detection Electrode: 1 Included

Detectable Water Types: Tap water, wastewater, well water, river water, seawater

Electrode Cable: 1 meter (extendable up to 100 meters with 0.3 mm² power cable)

Optional Battery: 4000 mAh Lithium Battery with UPS control board

Alarm Output 1: Supports electric ball valve connection

Alarm Output 2: 12V 1A output for sound and light alarm system

Product Brand: **ULTRAEJAU**®
