World leaders in sample preparation

Seward Stomacher® 400 EVO

Experience the **EVO**lution of the
Seward Stomacher®

The all new sample preparation solution
that combines stress-free working with
cost savings

The Seward Stomacher® 400 EVO

- ✓ Unique one-touch bag loading system
- ✓ Quiet and efficient blending
- ✓ Easy-clean interior
- ✓ Designed to work with our new ECO bags

The world's leading laboratory blender has **EVO**lved

The Seward Stomacher® 400 EVO

The all new design of the **Seward Stomacher® 400 EVO** combines the gold standard attributes of the original Stomacher® 400 with improved, easy-to-use features. The new Seward Stomacher® 400 EVO **provides maximum performance while minimising noise and consumable waste.**

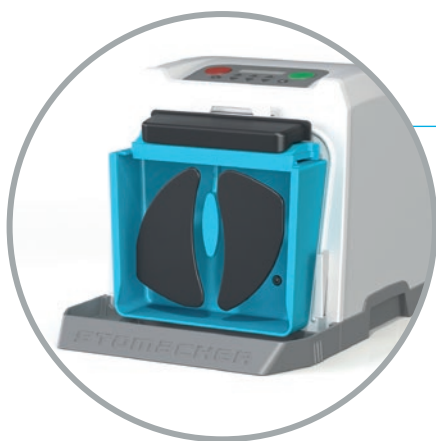

Easy to use

- Unique 'one touch' bag loading system minimises sample bag handling, saving time and reducing the risk of sample contamination
- Simple programmable screen display enables complete control of processing, for consistent results with minimum effort

Easy to clean

- Front cover and strike plate can be removed to provide easy access to paddle chamber and detachable paddles for simple and thorough cleaning
- Removable drip tray allows for easy cleaning, saving time in day-to-day use

Quiet operation

- Double aperture seal, isolated chassis, and fully enclosed casing result in silent operation, reducing stress and disruptions to other lab work
- Rubber base with anti-vibrational technology eliminates bench movements and reduces noise

Good sample preparation is critical for dependable results

Seward provides products that offer real value to the laboratory. Seward Stomacher® blenders have been proven over 40 years and are engineered to be reliable, strong, versatile, powerful and long-lasting. They are used to prepare over **8 million food samples in more than 150 countries** around the world, and remain the best and most trusted piece of equipment in their field.

The gold standard in sample preparation

The Seward Stomacher® 400 EVO draws from the company's long-standing commitment to quality, reliability and performance with a sleek and durable design, supported by a 3 year warranty.

3 year warranty
