

Model:
FLW-GAR-O2-PR

Purify Oxygen Regulator (Stainless Steel 316L Body)

Designed for heavy duty gas welding, cutting and heating application. These regulators are ideal for industrial application.

- Stainless steel 316L body, including stem and spring
- Stainless steel inlet filter
- Stem type seat assembly for more reliable performance.
- 2" gauges for easy reading.

Purify Oxygen Regulator

Specification		
Stock Code	FLW-GAR-O2-PR	
Gas Service	O ₂ , NH ₃ , H ₂ , He, Ar, AIR	
Max. Inlet Pressure (PSI)	2900	
Max. Delivery Pressure (PSI)	150	
Inlet Pressure Gauge	4000PSI	
Outlet Pressure Gauge	300PSI	
Inlet Connection	BSP5/8"	
Outlet Connection	3/8RH	
Weight (KG)	1.50
