

LPG Regulator complete with Gas Connector

Designed for heavy duty gas welding, cutting and heating application. These regulators are ideal for industrial application.

- Body is machined from class "A" brass bar stock.
- Sintered bronze inlet filter.
- Stem type seat assembly for more reliable performance.
- 1 1/2" gauges for easy reading.

Model:
FLW-GAR-LPG-001

FLW-GAR-LPG-001

LPG-001

SPECIFICATION

Stock Code	FLW-GAR-LPG-001
Gas Service	Liquid Propane Gas (LPG)
Max. Inlet Pressure(PSI)	250
Max. Delivery Pressure(PSI)	30
Inlet Pressure Gauge	350PSI
Outlet Pressure Gauge	45PSI
Inlet Connection	LPG Connector
Outlet Connection	3/8RH
Weight (KG)	1.00

LPG Regulator complete with Inlet Nut

Designed for heavy duty gas welding, cutting and heating application. These regulators are ideal for industrial application.

- Body is machined from class "A" brass bar stock.
- Sintered bronze inlet filter.
- Stem type seat assembly for more reliable performance.
- 1 1/2" gauges for easy reading.

Model:
FLW-GAR-LPG-002

FLW-GAR-LPG-002

LPG-002

SPECIFICATION

Stock Code	FLW-GAR-LPG-002
Gas Service	Liquid Propane Gas (LPG)
Max. Inlet Pressure(PSI)	250
Max. Delivery Pressure(PSI)	30
Inlet Pressure Gauge	350PSI
Outlet Pressure Gauge	45PSI
Inlet Connection	BSP5/8"
Outlet Connection	3/8RH
Weight (g)	1.00
