

NOWA ISR 700

Chlorine based disinfectant foaming cleaner

- Outstanding performance
- Thorough cleaning
- Disinfecting

Product Profile

- Owing to its high surfactant content combined with natron soda lye, NOWA ISR 700 is one of the strongest cleaning products available.
- NOWA ISR 700 has a powerful disinfectant action.

Area of application

- For cleaning all kinds of surfaces that are largely tolerant towards alkalis in food-processing premises, e.g. abattoirs, bakeries, food-smoking/curing operations, canteens, etc.
- Can be used on tiles, floors, doors, conveyor belts and trolleys, workbenches, chopping blocks and boards, etc. Excellent for use with high and low-pressure equipment.
- Caution: attacks aluminium, brass and copper.

Ingredients:

Ingredients per 100g: 5,2g SODIUM HYPOCHLORITE, <5% non-ionic surfactants, <5% phosphates
