Intensive use of renewable resources – continuous increase of the reutilisation score

- Production under extensive use of renewable raw materials and energy using to 100% hydroelectric, solar and geothermic power
- Production widely independent of crude oil: 63% of organic carbon processed in TANET SR 15 originates from renewable plant resources which enables a production that is widely independent of crude oil
- Active water stewardship maintaining an own fresh and waste water treatment

Full transparency - complete ingredient declaration

<5% anionic surfactants (sodium laureth sulfate), non-ionic surfactants (sugar surfactants, fatty alcohol EO/PO adduct), soap (plant based oleic acid), perfumes, PHENOXYETHANOL
 Specific ingredients: water, glycoether, alcohol, food colour (E 133)

Traditional German quality - driving your durable business development

- More than 25 years pioneer in sustainable product development
- Smart hygiene solutions ensuring profitable growth
- Trusted brand

Professional user training and on-site support for Sustainable Hygiene Solutions

- Comprehensive knowledge transfer through qualified cleaning consultants
- Customized hygiene plans and cleaning recommendations optimizing your business and cleaning procedures
- Increased service value and strengthened company reputation

Sustainable development and production

EMAS:

- Continuous improvement of environmental performance
- Annual sustainability report
- Energy and water management
- Social Fairness

DIN ISO 14001:

- Continuous improvement in reducing waste and CO2 emissions, and saving of energy, water and material consumption

ISO 50001:

- Continuous improvement of energy management: performance, efficiency, security, use and consumption

A.I.S.E.-Charter:

- Safe and sustainable manufacturing of cleaning products

DIN ISO 9001:

- Continuous improvement of management processes and customer satisfaction
- Established quality management system in product development and production

TANET SR 15

green-Effective® High Performance Floor & Surface Cleaner

- High wetting properties ■ Perfect cleaning results ■ Low cost-in-use

Product profile

- TANET SR 15 is a powerful maintenance floor and surface cleaner with exceptional environmental properties. Respecting the biological cycles, it cares for people's health and cleaning staff's safety.
- Meanwhile enhancing the work safety, the extraordinary power of TANET SR 15 assures at a low use concentration outstanding cleaning performance with minimal efforts and costs.
- The good wetting properties ensure easy and thorough removal of dirt and grease from porous stone floors and even from hydrophobic surfaces such as PUR, leaving no streaks or stripes.
- Majorly composed of renewable resources, TANET SR 15 takes on the responsibility for future generations.

Area of application

- TANET SR 15 is suitable for all water-resistant floors such as stone, rubber, linoleum, PVC, PUR etc.
- Particularly suitable for flooring with acrylic floor polishes, and for all washable surfaces such as plastic, glass, ceramics, metal and varnish.

Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

2,5-7,5 ml/L

Manual floor cleaning: Mop the floor with a clean mop.

Surface cleaning: Wipe the surface wet or damp with a clean cloth.

5 - 30 ml/L

Spray bottle: Spray onto a clean cloth and wipe the surface.

2,5 ml/L

Open floor surfaces: Can be applied in auto-scrubbers.

Product safety, storage and environmental instructions

Safety: For professional use only. Keep away from children. Do not mix with other products. Avoid inhaling sprayed product. Test material compatibility before use. For further information, see Safety Data Sheet.

Storage: Store at room temperature in the original container. Keep from freezing.

Environmental: Only give completely emptied packaging in the recommended waste container. Proper dosing saves costs and minimises environmental impact.
