

TAWIP gripgo

Special wipe care

- Increased slip resistance ■ Problem solver ■ DIN 18032-2

Product profile

- TAWIP gripgo is a special combination of selected raw materials. The ingredients guarantee a high slip resistance.
- TAWIP gripgo shows outstanding appearance through its silky gloss.
- TAWIP gripgo is simple and safe in application due to its slip-resistant protection film. The quick drying formula affects an anti-slip effect (DIN 18032-2).
- TAWIP gripgo is suitable for the spray and wet-wipe application.
- The dosing and care of TAWIP gripgo can be adapted perfectly to each individual object condition and demand and is efficient in consumption.

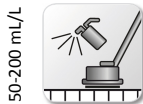

Area of application

- TAWIP gripgo is perfectly suited for the care of all water-resistant, treated and untreated floorings with special slip-resistance requirements. TAWIP gripgo is especially applicable for the spray and wipe method.

Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

50-200 mL/L

Spray cleaning: spray thinly and evenly on the floor, treat with a single disk machine.

10-20 mL/L

Manual floor cleaning: mop the floor with a clean mop.

DIN 18032

tested acc. DIN18032

50-200 mL/L

Initial care: wipe the uncoated floor wet. Polish after drying. Please consider the recommended care.
