## Summary of use:

The product is suitable for health care, food, biology for sterilization.

## Characteristics:

1. All stainless steel material, durable;
2. Electric heating and combustion heating dual purpose;
3. Pressure and temperature in the pressure gauge at the same time the display clearly;
4. Safety valve control pressure and temperature, safe and reliable;
5. Steam release valve can exhaust cold air and condensation of water inside a barrel;
6. Inflatable silicone rubber seals, sealing effect is good, the service life is long.

## Major technical parameters :

Model	Voltage	Power	Volume	Rated Working Pressure	Working Room Size	Overall Size
YX-280A	220V/50Hz	2kw	18L	0.142 MPa	φ 260 × 220mm	φ 400 × 570mm
			24L		φ 260 × 360mm	φ 400 × 710mm
		2.5kw	30L		φ 260 × 500mm	φ 400 × 850mm
