[User Mounted Unit (only for MH2-2500N)]

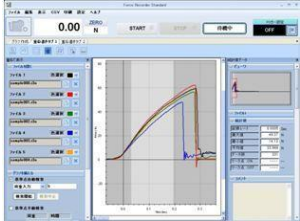

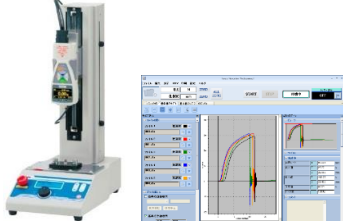

OP-MH225-S : Length Scale	OP-MH225-FA : FA version *1
It digitally indicates travel distance of a force gauge.	It builds a linear scale into a test stand to output travel distance of a force gauge and allows to utilize it for analysis of force-displacement relations.

* Requires to fix the unit to current MX2-5000N by yourself.

* Amplifier such as ZTA or FA Plus2 (sold separately) or Software are required to record measuring value of linear scale.

*1 Select -FA option if the test stand with built in linear scale is required.
