

# USB Input Tool Direct (Digimatic USB)

## Digi/Digi2, Round 6-Pin Type

Item number: 06AFM380E

### Description

This input tool allows you to directly connect Digimatic measuring devices to a USB interface, without needing additional software.

Measurement data is converted into keyboard codes, enabling interaction with any program such as Microsoft® Excel® working with keyboard entries (HID).

By adding the optional USB-ITPAK software the following additional features are made available.

- Fixed COM assignment in Microsoft® Windows® as channel identification (VCP).
- Creation of Microsoft® Excel® worksheets.
- Multi-channel input for measurement values, Microsoft® Excel®.
- Timed data requests.
- 20 Cables can be cascaded via a standard USB hub.

For further details on USB-ITPAK select this product from the Accessories menu below.
