

SNWAY®

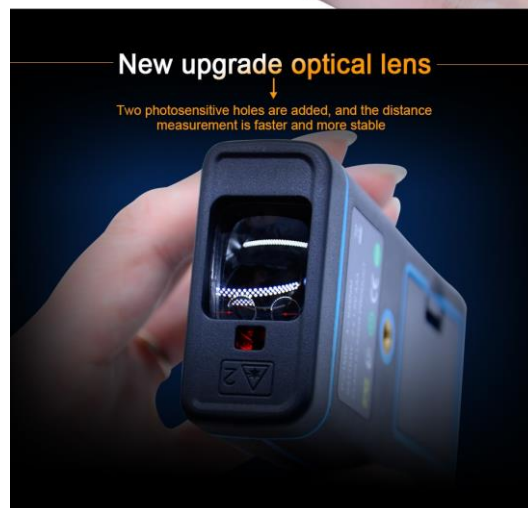

SW-E100

100M

Bid farewell to traditional methods of measurement

Handheld laser rangefinder

New upgrade optical lens

Two photosensitive holes are added, and the distance measurement is faster and more stable

Specification:

- SW-E100: 0.05~100m
- Accuracy: +/-0.5 mm
- Laser class: Class II
- Laser wavelength: 635nm
- Laser maximum output: <1mW
- Dust & Splash proof: IP 54
- Laser Auto off: 30s
- Power Auto off: 3min
- Working temperature range: 0-40C (32-104F)
- Storage temperature range: -10-60C (14-140F)
- Battery: 1.5V 2 x AA
