

AS981 Differential Pressure Meter

Product No.: AS981

Introduction: Compared with the traditional method, microwave measurement of moisture has a fast and accurate advantages.

FEATURES

Compared with the traditional method, microwave measurement of moisture has a fast and accurate advantages. Apply on chemical industry, building materials, wood, paper, food, etc. The meter can also be used in the laboratory as the determination of moisture content.

SPECIFICATIONS

Measurement Range	2%~70%
Resolution	0.5%
Accuracy	$\pm(1\%RH+0.5)$
Operation Condition	0°C~40°C
Density Modes	4 Modes
Low Battery Indication	√

PACKING INFORMATION

Power	3*1.5V AAA Battery
Product Net Weight	210g

Product Size	150*54*27mm
Packing Style	Gift Box
Standard Quantity / Carton	40
Standard Carton Size	52.5*40.0*49.0cm
Standard Carton Gross Weight	14.22kg
