

BIG CAPACITY INDUSTRIAL DEHUMIDIFIER

Big cooling capacity system

Reach your desired humidity more quickly

Fully intelligent operation

Refrigerative compressor technology

HDK high precision sensor

Auto Defrost

3 Min delay protect

Timer

Remote control

Power-off memory

Product introduction:

Dehumidifier is an air conditioning device which reduces and maintains the level of humidity in the air.

Features:

- Auto Defrost
- 3 minute Delay Protect
- Timer
- Remote Control
- Power-off Memory

Specification:

Model No	FL-G168	FL-G210	FL-G240	FL-G288
Capacity (30°C, RH80%)	168L/Day	210L/Day	240L/Day	288L/Day
Voltage	AC 220V/50Hz/1PH	AC 380V/50Hz/3PH	AC 380V/50Hz/3PH	AC 380V/50Hz/3PH
Air Circulation	2000m ³ /h	2300m ³ /h	2500m ³ /h	2800m ³ /h
Air Filter	G4	G4	G4	G4
Power Input	2.82KW	3.1KW	3.5KW	4.2KW
Work Temperature	5- 38°C	5- 38°C	5- 38°C	5- 38°C
Refrigerant Gas	R22/R410A/R407C	R22/R410A/R407C	R22/R410A/R407C	R22/R410A/R407C
Body Size (L*W*H)	600*405*1620mm	776*470*1705mm	776*470*1705mm	776*470*1705mm
Package Size	700*505*1720mm	840*530*1870mm	840*530*1870mm	840*530*1870mm
Net Weight	95kg	110kg	120kg	130kg
Gross Weight	120kg	136kg	145kg	150kg
Suitable Floor Area	200 – 250m ²	250- 300m ²	300- 350m ²	300- 350m ²
