Why Us?

Upgrade your retail store for tomorrow. It's more important than ever to have a multi-channel retail business. Prepare for the retail resurgence with Deepsky.

1. The easiest Web Store and POS to use.

We designed a user-friendly interface that's fast to use and easy to learn, minimizing training time. Works seamlessly with existing or new hardware. All your data is synced to the cloud and accessible from anywhere.

2. Sell more on every channel.

Sell on iPad or iPhone, Mac or PC, Android Phones and Tablets, and take your store online with leading ecommerce integrations. Painlessly manage inventory and orders - just click, collect, or fulfill them across locations.No complicated hardware and setup, start your business in few minutes on any device.

3. Keep customers coming back–Analysis and Loyalty Program.

For any business, customers are the greatest asset. Our Deepsky system will track your customer's buying behavior – what items they buy, how much it costs, what items they buy together and when the purchase was made etc. We help you analyze the trends and offer deeper insights about each customer and what they'll most likely buy.Deepsky also offer tailored reward program to maximize repeat sales. Engage, and retain customers by offering real-time, multi-channel and personalized rewards.

4. Choose from the best payment solutions.

Accept all the ways your customers want to pay with a seamless and secure checkout experience. Deepsky integrates with leading payment providers in Southeast Asia saving you time and ensuring you get paid. Because we understand that maintaining high cash flow in the business is one of the top priorities for any business.

5. Powerful inventory management to maximize your profit.

Manage inventory across multiple outlets with a centralized product catalog, accessible from your POS, back-office, or on the road. Edit products in multiple stores, different price management in seconds. Automatically suggest reorder stock and purchase proposal. We've even simplified stock-balance report across all locations and stock-taking with our inventory function.

6. Multi store functionality that scales with your business.

Deepsky makes it easy to add new outlets and registers as your business grows. All of Deepsky's key features including POS, inventory, and reporting are designed for multiple outlets so your business operates as one cohesive operation. Ecommerce integrations support fulfilment from any store.

7. From sourcing to marketing to selling!

We offer end-to-end solutions from procurement to delivery to customers' doors. Not only that, we also offer customized order processing and fulfillment accuracy. Our guarantee of quality is backed by experience. We want your business to have a simple, straight forward process.

8. Multi-location Wi-Fi, Free Wi-Fi and Security

Never compromise control - this includes staff access and Wi-Fi access of all your stores in the same system. With additional setup, we can even offer your customer free Wi-Fi upon purchase is made! 1-hour? or 2-hours?VIP customer to have longer and faster Wi-Fi?It is just a piece of cake!

9. It's on the cloud! Work from Anywhere!

Managing business operations with teams across geographies. Run your business anywhere. No additional cost, No costly infrastructure cost, No Hidden Cost!
