CHAMPION[®]

Company Profile

ISO 9001:2015
INTERNATIONAL CERTIFICATION

SIRIM TESTED
BS EN 61386-21: 2004 + A11 : 2010

Megahock Pipes & Profile Manufacturing Company ('MEGAHOCK') was incorporated in 1996 and is one of renowned Malaysian manufacturer who specialises in manufacturing uPVC electrical wiring products. We provide high-quality products including uPVC conduits & fittings, uPVC trunking, uPVC underfloor trunking, uPVC cable slab, flexible conduit for a safe cable management.

We aspire to be the wiring partner in local & international communities. With this thought in mind, we strive to serve what our customers value the most: high-quality uPVC wiring product that enable safe cable management, the compliance to local & international standard, expedient & consultative service.

Our unrest commitment to ensure consistently high product quality had led us to achieve a range of third-party accreditation to international & local standard such as JKR (Jabatan Kerja Rakyat), SIRIM QAS (Standard of Industrial and Research Institute in Malaysia), PSB TUV certifications. Moreover, our production facility is accredited to ISO 9001:2015 Quality Management.

Our dedication to provide quality product and service over the years had earned us a trusted image in both domestic & international communities. The grand new opening of new factory on a 3-acre land located at Senai, Johor in 2009 is another recognition of success of this company and its dedicated staffs.

uPVC Conduit

A rigid conduit of medium-duty class (332112) for electrical installation in accordance with **BS EN 61386-21 : 2004 + A11 : 2010**

Code	Size (mm)	Outside Diameter (mm)		Inside Diameter (mm)		Standard Packing (Bundles)	Colour
		Min	Max	Min	Max		
PCM20	20	19.8	20.04	16.7		50	○
PCM25	25	24.8	25.04	21.4		50	○

*Length : 2.9m or upon request

** Make to order

STEP TO TEST

SAFETY AND DURABILITY OF uPVC CONDUIT

Self-extinguish

WHY CHOOSE US

TESTED SAFETY AND DURABILITY FOR COMMUNITY

- Resistance of Compression**
 Perform under a load of 750 Newtons. **3 Duty**
- Maximum Service Temperature**
 A maximum of 60°C service temperature. **1 Duty**
- Impact Strength**
 Endure the impact of a 2kg hammer falling from 100mm height. **3 Duty**
- Over 90° Bending Angle**
 Form a 90° bend angle with bending spring. **1 Duty**
- Minimum Service Temperature**
 A maximum of -5°C service temperature. **2 Duty**
- Electrical Properties**
 Electrical insulating to prevents electricity. **2 Duty**

- SIRIM Certified
- Completely Champion Products
- Non-conductive
- Color Option Available
- Credibility Proven
- Fire-resistant
