

Leak Detectors Solutions for Oil and Gas Industry

Precise, powerful, and easy to use

HLD Helium Leak Detector

- High Sensitivity
- Configured for your application
- Smaller Leak (5×10^{-12} mbar \cdot L/s)

[See all HLD Models](#) 

Truly Portable Sniffer LD

PHD-4 Leak Detector

- Compact, Easy to Use
- Versatile and Reliable
- Smaller Leak (5×10^{-6} mbar \cdot L/s)

[Learn more about the PHD-4](#) 

Solution for Steam Distribution Pipes

Harsh Environment (HE) Probe for Leak Detectors

- Allows testing in hot, wet environments
- Permeable membrane allows helium to pass through and cannot clog
- No damage to spectrometer or vacuum pumps
