Wash+Dry Tap Hand Dryer

S1

Wash+Dry Tap Hand Dryer

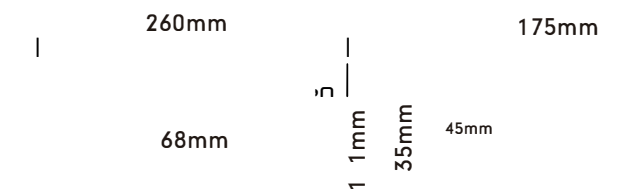

- Combines an automatic tap and hand dryer so you can wash and dry your hands at the basin, made from high grade, solid Brass.
- The 2 sheets of air are used to wipe the water from your hands into the sink. No dripping on the floor. No extra floor space needed for hand drying and washing.
- Eco-efficient high speed hand drying in it's most simple and elegant format.
- Fitted with an anti bacterial HEPA filter to ensure the air used to dry users hands is as clean and hygienic as possible.
- The Air Tap is a space saving alternative to traditional hand dryer designs, using space over the basin that is otherwise overlooked. This saves valuable wall space, allowing you the opportunity to use this area for other items.

- Allowing over basin drying helps to minimise washroom clean up, and prevent slips as it eliminates water spillage on floors.
- Great for washroom areas with little wall space, the Air Tap hand dryer is simple but elegant and attaches straight to the basin.
- A brushless, carbon free motor offer it a super long service life reach to 7-10 years.
- Making use of no touch technology offers a more hygienic hand drying solution.
- Low noise with smart air outlet design - The airflow direction and speed has been carefully configured to ensure that there is no excess splashing or spray created and therefore works with a huge range of sinks.

VIRIDIAN TECHNOLOGIES

Body Material	Hpb59-1 Solid Brass
Voltage	220-240V
Frequency	50/60Hz
Total Power	800W
Motor Type	Digital brushless DC motor
RPM	60000
Electrical Isolation	Class II
Hot & Cold Switch	No
Current	3.5A
Air Speed	95m/s
Dimensions (mm) W x H x D	262x141x175
Filter	HEPA(13)
Air Temperature (10 cm distance/21°C)	33°C
Net Weight	5.8kgs
Noise Level In Db(at 2m)	75
Water Splash Proof	IP24
Auto Cutoff	30s

VIRIDIAN TECHNOLOGIES

- The outer casing is made from an impact resistant, flameresistant ABS plastic with antimicrobial coating.
 - An intelligent heating system will detect the ambient temperature of your washroom, automatically adjust the airflow temperature to keep running costs right down. Automatically adds heat to the airflow if it senses a room temperature drop below 25°C.
 - It has a 2-level filter protection system , a pre-filter and a HEPA filter capture airborne bacteria to ensure your users hands are dried using clean, hygienic air particles.
 - Using the heated model on the high powered option provides incredible drying times of between 9 and 11 seconds.
 - The modern design and futuristic LED lighting make this a very popular addition to the most contemporary of washrooms.
 - A water collection system (800ml) collects any excess water to keep your washroom clean, tidy and safe.
 - HEPA filter is sterilised from microbes, bacteria and moulds by internal UVC technology, prolonging its effectiveness and preserving its cleanliness.
- Model A :** Powered by a brushless, carbon free motor means there are fewer parts to wear out, replace or break, meaning this hand dryer motor has a long life reach to 7-10 years.
- Model B :** Powered by a high speed reliable carbon brush motor .

Stainless steel 304 brushed

K2019

Mini Horizontal

- The Mini powerful horizontal shape ensures the hand dryer can be sited in narrower, smaller bathrooms where wall space is limited.
- Equipped with advanced water-blasting technology, the upgraded motor delivers extremely impressive airflow speeds of up to 110 m/s.
- The hand dryer is fitted with an internal switch that can be altered from warm air using 950w or room temperature air using only 550w for energy savings during warmer months.
- Manufactured in grade 304 stainless steel 1.2mm thick to protect against corrosion and vandalism, it is a fully vandalproof dryer ideal for heavy duty areas.
- With a reduced noise level of 72 decibels, the hand dryer is perfectly suited to compact toilets where noise and the actual depth of the dryer must be reduced.
- Internal UVC technology 360° sterilize in the air.
- Fitted with an anti bacterial HEPA filter to ensure the air used to dry users hands is as clean and hygienic as possible.

Body Material	SS 304	Current	8.0A

- It has a market leading original clean and hygienic design. Together with a slim profile from the wall and only 75db noise level. Whilst drying hands in 7 to 10 seconds, makes this one of the class leading hand dryers in the World.
- Equipped with advanced water-blasting technology, the upgraded motor delivers extremely impressive airflow speeds of up to 100 m/s.
- The high speed motor has been built for longevity and is ideally suited to busy, high traffic washroom areas. Manufactured from high quality, top grade steel so you can feel confident that this hand dryer will stand up to the rigours of the job both internally and externally.
- Super smart, its ECO Air Sensor will detect the ambient temperature of your washroom, then automatically adjust the airflow temperature to keep running costs right down.

Name	ABS high speed hand dryer	Water proof	IPX1
Code	K2013B/K2013C	Shell	ABS
Voltage	220-240V/50Hz 110-127V/60Hz	CTN Size	57x31.5x44cm (4pcs)
Air speed	105m/s	CTN G.W.:	16.4kg(4pcs)
Rated power	1250W		

VIRIDIAN TECHNOLOGIES

V Blade
High speed hand dryer

New Arrival

V BLADE

VIRIDIAN TECHNOLOGIES

K2015

Equipped with multiple filter and noise deadener

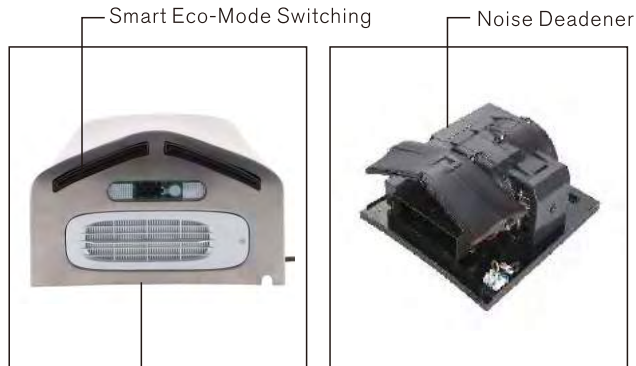

doubled air outlet with 12cm lengthened design

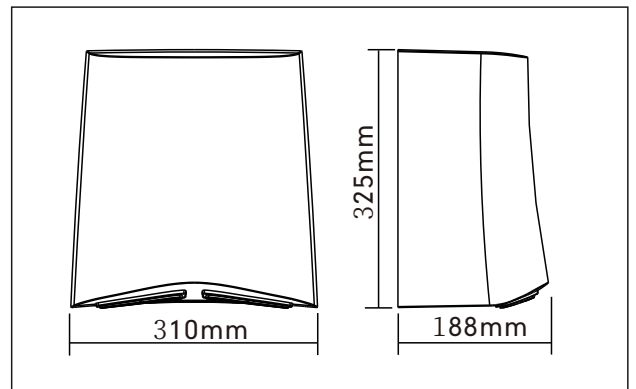

concealed installation for power on/off option, hot/cool option, strong/soft option

- Equipped with the latest twin Blade V-style technology. Two angled blades of air simultaneously scrape moisture from the hands providing a rapid and consistent dry which is not so easy to achieve from a single outlet.
- Smart eco-mode switching, letting you choose the ideal settings for your washroom. Simply set the internal switches to hot or cool – with soft or strong air flow.
- Super easy installation. The back cover on the dryer does not need removing for installation.
- With 4 settings to choose from, you can really customise this hand dryer based on your own unique requirements. This fast drying, yet quiet hand dryer can be set to a really energy efficient 600-800W by switching off its heater element, reducing energy usage.
- With a state-of-the-art 800W motor, it uses twin-blades in a V-formation, generating quick-drying sheets of air at over 100 m/s.
- Built-in removable air HEPA filter for improved hygiene, it will stop any airborne germs or bacteria from entering the dryers.

HEPA Filter

Body Material	S.S 304
Voltage	220-240V
Frequency	50/60Hz
Total Power	600-2000W
Motor Power	600-800W
RPM	24000
Electrical Isolation	Class I
Hot & Cold Switch	Yes
Current	5.5A
Air Speed	100m/s
Dimensions (mm) W x H x D	310x325x188
Cover thickness	1.2mm
Air Temperature (10 cm distance/21°C)	38°C
Net Weight	5.9kgs
Noise Level In Db(at 2m)	70
Water Splash Proof	IPX3
Auto Cutoff	60s

ULTRATHIN HAND DRYER

VIRIDIAN TECHNOLOGIES

Super-slimline
High Speed Hand Dryer

New Arrival

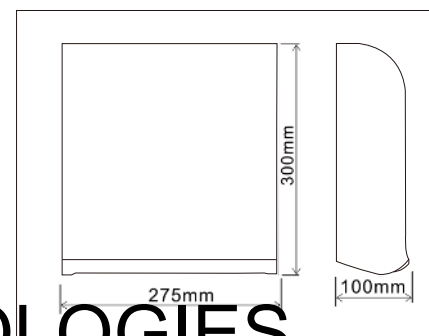

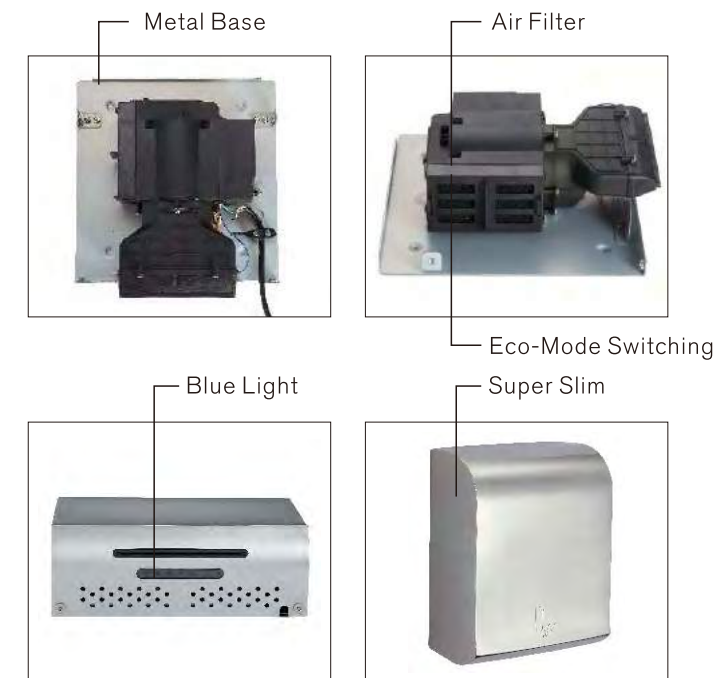

VIRIDIAN TECHNOLOGIES

ULTRATHIN

K2016

- it has the ability to be run at only 400W by switching off the internal heater, making this one of our most ecofriendly dryers.
- Manufactured in grade 304 stainless steel 1.5mm thick to protect against corrosion and vandalism.
- With an ultra slim design, the chassis measures just 100mm deep, making it ideal for a wide range of environments in all kinds of applications.
- With a reduced noise level of 75 decibels, the hand dryer is perfectly suited to compact toilets where noise and the actual depth of the dryer must be reduced.
- As an optional extra a HEPA Filter can be purchased and installed to captures airborne bacteria.
- Besides its great energy efficiency, the stainless steel case, secured by 4 security screws, prevents vandalism and ensures durability and It also has a solid steel backplate.

Stainless steel white (spray paint) Stainless steel 304 brushed Stainless steel 304 polish Stainless steel Black (spray paint)

Shell material	304 stainless steel	Operation	infrared automatic 'no touch'
Standard voltage	AC 220-240V/110V	Timing protection	Timing protection: 60 seconds auto cut off
Rated frequency	50/60 Hz	Thermal cut-out	Thermal cut-out: cut off above 70 C
Rated power	Variable: 400W-950 W (Switchable Heating Element)	Air filter	Yes
Drying time	7-12 Seconds	Certification	CE, RoHs, GS
Air speed	95 M/s	Package contents:	hand dryer, installation accessories and user manual
Noise Level	75dB	Carton size	64*38.5*28 cm (4pcs)
Water proof	IPX3

Brushless Motor

Only 62mm Exposed

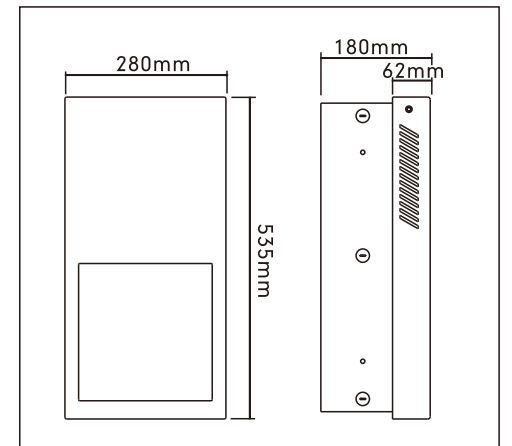

HEPA Filter Inside

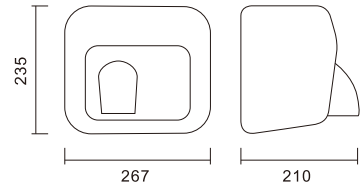

Ceramic Water Absorbent Surface

- Semi-recessed with only 62mm showing into the washroom.
- Powered by a brushless, carbon free motor means there are fewer parts to wear out, replace or break, meaning this hand dryer motor has a long life.
- Equipped with a 18cm deep alcove that captures and evaporates water thanks to a ceramic water absorbent surface.
- All welded corners secured to cabinet with vandalresistant screws.
- The built-in HEPA filter captures airborne bacteria to ensure your users hands are dried using clean, hygienic air particles.
- Air inlets on sides for better heat dissipation.

COMBINATION UNIT

K5011

SPECIFICATIONS:

Function: Towel Dispenser and Waste Bin
 Unit Size: 1200*350*152mm
 Wall Opening Size: 1152*305*144mm
 Material: Stainless steel 304
 Installation: Recessed

K5015

SPECIFICATIONS:

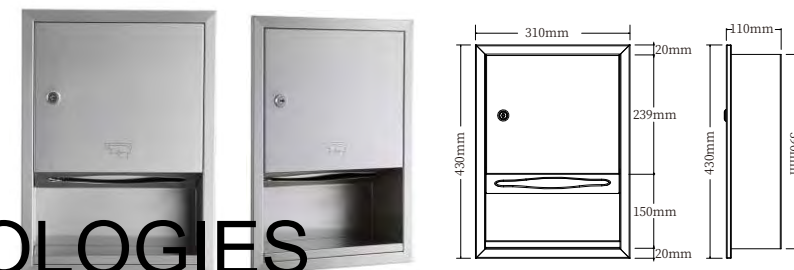

Function: Towel Dispenser
 Unit Size: 300*118*398mm
 Wall Opening Size: 262*102*360mm
 Material: Stainless steel 304
 Installation: Recessed

K5012

SPECIFICATIONS:

Function: Towel Dispenser and Waste Bin
 Unit Size: 1200*350*150mm
 Material: Stainless steel 304
 Installation: Wall-Mounted

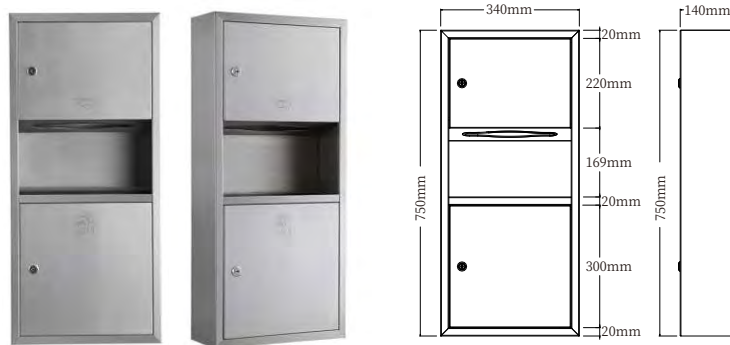

K5016

SPECIFICATIONS:

Function: Towel Dispenser
 Unit Size: 310*110*430mm
 Wall Opening Size: 272*100*390mm
 Material: Stainless steel 304
 Installation: Recessed

VIRIDIAN TECHNOLOGIES

K5013

SPECIFICATIONS:

Function: Towel Dispenser and Waste Bin
 Unit Size: 750*340*140mm
 Material: Stainless steel 304
 Installation: Wall-Mounted

K5017

SPECIFICATIONS:

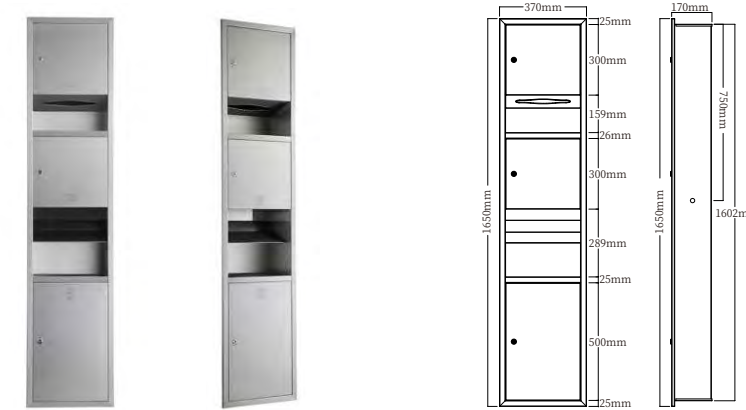

Function: Towel Dispenser, Waste Bin and Hand Dryer
 Unit Size: 1680*350*183mm
 Wall Opening Size: 1642*312*172mm
 Material: Stainless steel 304
 Installation: Recessed

K5014

SPECIFICATIONS:

Function: Towel Dispenser and Waste Bin
 Unit Size: 750*340*150mm
 Wall Opening Size: 712*305*141mm
 Material: Stainless steel 304
 Installation: Recessed

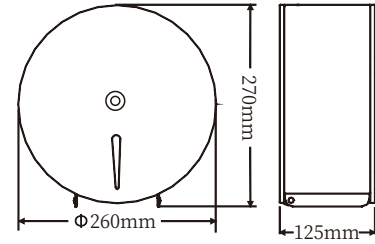

K5018

SPECIFICATIONS:

Function: Towel Dispenser, Waste Bin and Hand Dryer
 Unit Size: 1650*370*171mm
 Wall Opening Size: 1602*325*159mm
 Material: Stainless steel 304
 Installation: Recessed

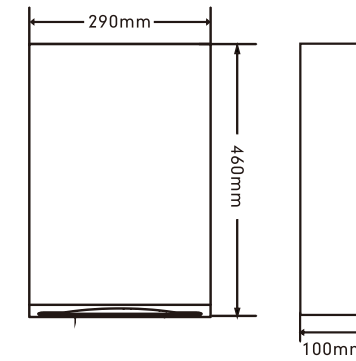

PAPER TOWEL DISPENSER

K7601

SPECIFICATIONS:

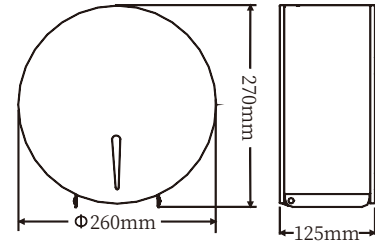

Size: 260mm*125mm*270mm
 Material: Stainless steel 304
 Installation: Wall-Mounted

K7605

SPECIFICATIONS:

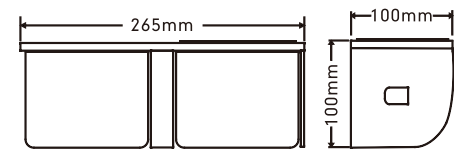

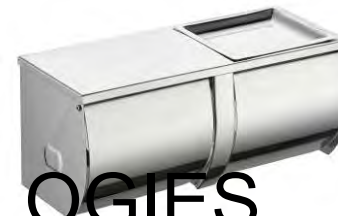

Size: 290mm*100mm*460mm
 Material: Stainless steel 304
 Installation: Wall-Mounted

K7602

SPECIFICATIONS:

Size: 260mm*125mm*270mm
 Material: Stainless steel 304
 Installation: Wall-Mounted

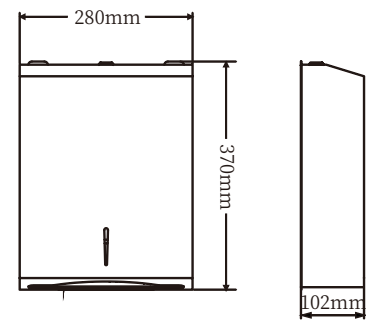

K7607

SPECIFICATIONS:

Size: 265mm*100mm*100mm
 Material: Stainless steel 304
 Installation: Wall-Mounted

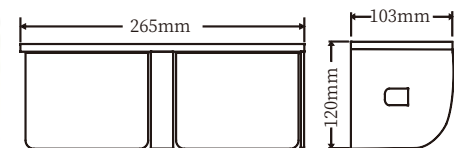

VIRIDIAN TECHNOLOGIES

K7603

SPECIFICATIONS:

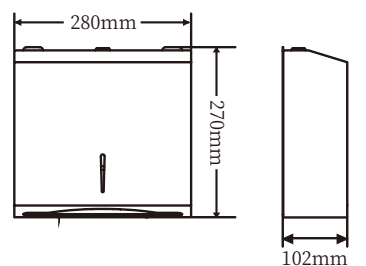

Size: 280mm*105mm*370mm
 Material: Stainless steel 304
 Installation: Wall-Mounted

K7608

SPECIFICATIONS:

Size: 265mm*103mm*120mm
 Material: Stainless steel 304
 Installation: Wall-Mounted

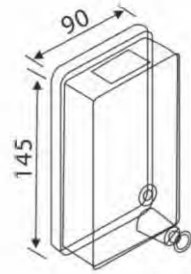

K7604

SPECIFICATIONS:

Size: 280mm*105mm*270mm
 Material: Stainless steel 304
 Installation: Wall-Mounted

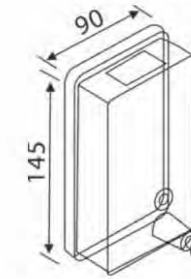

SOAP DISPENSER

K4401A

SPECIFICATIONS:

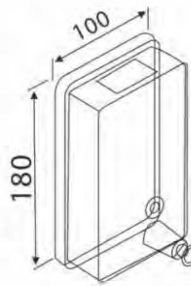

Capability: 500ML
Size: 90mm*145mm
Material: Stainless steel 304
Installation: Wall-Mounted

K4402A

SPECIFICATIONS:

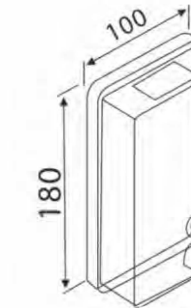

Capability: 500ML
Size: 90mm*145mm
Material: Stainless steel 304
Installation: Wall-Mounted

K4401B

SPECIFICATIONS:

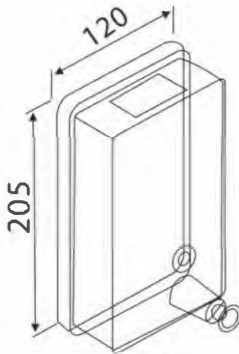

Capability: 800ML
Size: 100mm*180mm
Material: Stainless steel 304
Installation: Wall-Mounted

K4402B

SPECIFICATIONS:

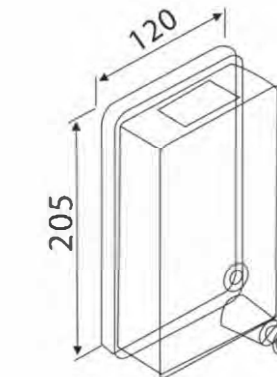

Capability: 800ML
Size: 100mm*180mm
Material: Stainless steel 304
Installation: Wall-Mounted

K4401C

SPECIFICATIONS:

Capability: 1000ML
Size: 120mm*205mm
Material: Stainless steel 304
Installation: Wall-Mounted

K4402C

SPECIFICATIONS:

Capability: 1000ML
Size: 120mm*205mm
Material: Stainless steel 304
Installation: Wall-Mounted

K4404B

SPECIFICATIONS:

Material: Stainless steel 304
Installation: Wall-Mounted

K4404A

SPECIFICATIONS:

Material: Stainless steel 304
Installation: Wall-Mounted
