Children  
need to drink  
warm water  
instead of  
cold water  
for their health

Children  
consume cold water  
which causes them  
a weak body  
constitution and are  
more susceptible  
to illness

Children drink cold water from traditional water dispenser which causes them a weak body constitution and are more susceptible to illness

Parents  
are not aware that  
children are hard  
to mix a glass of  
warm water  
by themselves

WaterBar helps keep children away from unhealthy cold water and drink healthy warm water anytime

WaterBar with just a press of a button provides easy access to fresh warm water

A young child with dark hair, wearing a black and white striped long-sleeved shirt and light blue pants, is standing on a balcony. The child is reaching out to press a button on a white, compact water dispenser labeled 'diamond'. The dispenser has a glass carafe attached to its front. The background shows a vast blue sea and distant mountains under a clear sky. The overall scene is bright and clean, suggesting a safe and convenient environment for a child.
