

Instructions

Description

1. Constructure: IP20;
2. Power Input: AC200-240V/AC100-240V 50/60Hz;
3. Outside Materials: 6063 Aluminum frame + PC Cover + PS caps;
4. PC Cover: Transparent Cover and Milky Cover for options;
5. Inside Materials: Aluminum PCB plate + LEDs;
6. Size: 600*90*30mm, 1200*90*30mm;
7. White Lighting: 3000K-6500K; (full lighting wavelength);
8. Dimmable: Triac / 0-10V / 1-10V / Dali available;
9. Installation: Fixed back bracket on Sandwich Panels by screws, then bracket holds lighting fixture by bracket arms.

Parameters

Light Size	600*90*30mm	1200*90*30mm	Customized length*90*30mm
Watt	18W	36W	18W/600mm
Lighting efficiency	Milky Cover	1800lm	3600lm
	Transparent Cover	2160lm	4320lm
Lighting Angle	120 °		
CRI	Ra>80 and Ra>90 for optional		
Color Temperature	3000 -6500K for options, full light wavelength		
Voltage Input	AC 200 -240V / 100 -240V, 50~60Hz		
Dimmable	Triac / 0-10V / 1-10V / Dali for options
