

## CONTACT CLEANER

**Spanjaard Contact Cleaner** is a solvent in aerosol form for cleaning of electrical and mechanical components.

### PACKAGING

400ml Aerosol

### APPLICATIONS

**Spanjaard Contact Cleaner** quickly dissolves oil and grease and removes dust and grime from electrical contacts and mechanical components.

For industrial cleaning of electrical switches and controls, electric motors and coils.

It evaporates allowing minimum down-time on electrical equipment.

### APPLICATION INSTRUCTIONS

Spray parts to be cleaned. Catch excess solvent and contaminants in a container. For faster drying - wipe with a clean cloth. Allow to dry.

Unless there is excessive contact time **Spanjaard Contact Cleaner** will not harm the normal insulation and metals found in electrical equipment.

### TYPICAL PROPERTIES

Appearance	Colourless fluid
Density at 25°C, g/ml	1,12
Toxicity, TLV, ppm	300

### HANDLING AND STORAGE

Store undercover. Extremely flammable aerosol. Pressurised container: protect from sunlight and do not expose to temperatures exceeding 50°C. Keep away from heat / sparks / flames / hot surfaces. No Smoking. Do not pierce or bum, even when empty. Do not spray onto an open flame or any incandescent material. 100% by mass of the contents are flammable. Use only in well ventilated areas. Cause skin and eye irritation. Keep out of reach of children.
