**DATA SHEET**

### Product Description:

**Spanjaard Belt Dressing (Food Grade)** is a tacky anti-slip formulation which adheres to all belt materials increasing traction and reducing slippage on all types and shapes of belts. The product is not soluble in water making it suitable for use in wet or damp environments.

**Belt Dressing (Food Grade)** is specifically formulated for use in the food processing industry where incidental food contact may occur. All raw materials used in the manufacture of the product comply with FDA section 21 CFR 178.3570. and the aerosol is registered with the NSF as a category H1 and H2 lubricant. The product may also be used in packaging, pharmaceutical and other cleanroom environments. The product is Halaal and Kosher certified.

### Applications:

- Increasing traction on loose belts.
- Reduction of belt slippage.
- Prevention of belt squeal caused by slipping belts.
- 360° Spray Action for convenient application.

### Directions for use:

Shake well before use. Spray liberally onto the inside and outside of the belt whilst running. Reapply as required.
