Word Maker **3D**

WM-8080

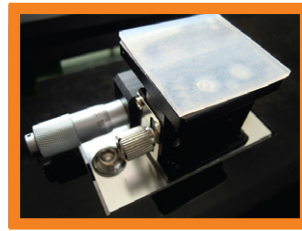

3D Printer

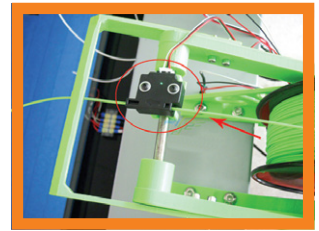

Powerfull & Easy Operate 3D Software

Heating Bed For Better Quality Printing

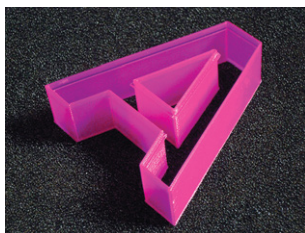

Easy Alignment And Bed Adjust Device

Material Broken / Finish Detector

Sample

Advantage / Function

- Automatic Rise Up When Stop Printing
- Power Failure Self-Inspect Protection
- Easy & Precision Platform Adjustment
- Powerful & Easy Operate 3D Software
- Pause / Shutdown Memory Function
- Material Supply Failure Induction
- Pause Changing Material
- Fully Auto Color Change

Specification

Print Head	One Unit
Forming Nozzle	0.6mm / 0.8mm
Resolution	100um
Accuracy	< 0.03mm
Printing Area	800mm X 800mm X 80mm
Speed	Max 120mm/s
Software	Easy Operate 3D Software
Interface	USB 2.0
Forming Material	PLA, PMMA
Operation System	Windows 10
Voltage	220~240, 50/60HZ, 2.2A, 350W
Temperature	20C ~ 35C
Humidity	40% ~ 70%
Dimension (LxWxH)	1240mm x1020mm x 590mm
Weight	150KG

XK-8080 UV Curing

Specification

Glass Area	800mm X 800mm
Working Area	800mm X 800mm
Air Pressure	0.5-0.7Mpa
Voltage	220~240, 50/60HZ
Power	1.5Kw
Dimension (LxWxH)	950mm x1180mm x 600mm
Weight	133KG
