## New i3200

EPSON most advanced print head

**PRECISIONCORE**

High-efficiency UV-LED technology, long life & low power consumption, almost no ozone generation during printing; cold light from curing source makes the media surface temperature gets lower preventing any material deformation and ensuring a high-quality printing.

Igus (German) imported drag chain. Suitable for high speed movement, greatly reduce the wires wear. Immensely reduce noise by 30% compared with other market equipments.

Japanese THK ultra silent guide rail. Low noise, high precision, excellent stability, long lifetime. High speed imported silent lead screw, high precision, low noise, wear resistance. Ensure precise positioning.

High precision servo motors. Innovative technology. Completely ensure the ultra precision for the equipment operation. Reduce pass lines. Much durable and stable.

### Specification

Printhead	Original Epson i3200-U1 (Max 4 pcs)
Resolution	Max 2400dpi
Color	CMYK+W ~ CMYK ~ CMYK+W+V
Ink	UV Curable
Printing Width	3.20M (126")
Max Material Width	3.25M (128")
RIP Software	FlexiPRINT
Interface	Ethernet
Curing System	LED UV System
Operation System	Windows 10
Voltage	AC 220~240, 50/60HZ, 16A
Temperature	20C ~ 35C
Humidity	35% ~ 65%
Dimension	5000mm(L) x1000mm(W) x 1560mm(H)
Weight	950KG

CMYK x3

4 Pass	300sqft/h
6 Pass	210sqft/h
8 Pass	135sqft/h
