AL-HVG Green Beam

Horizontal/ Vertical Rotating Laser

The AL-HVG is a heavy duty horizontal and vertical self-levelling laser. This laser is ideal for both general and interior construction applications.

aLine

AL-HVG Green Beam Horizontal/ Vertical Rotating Laser

Product code: AL-HVG

FEATURES

- Electronic self-levelling applications
- Horizontal and vertical self-levelling
- Plumb up and down beam for 90° layout work
- Clockwise and counterclockwise spinning function
- Dual slope operation
- 500m working range
- Accuracy: +/- 3mm at 30m
- NiMh battery pack

KIT INCLUDES

- AL-HVG laser
- Detector and clamp
- Green laser enhancing glasses
- Remote control
- Rechargeable batteries
- Charger
- Wall mount bracket
- Carry case

SPECIFICATIONS	
Working range	500m with detector
Accuracy	±3mm at 30m
Run time	Approx. 20 hours
IP rating	54
Laser class	3R
