

System sensor smoke detector 12V

- ceiling mounted Smoke detector with photoelectric sensor
- alarm output NC/NO optional
- detecting area around 20 square meters
- Networking / LED indicator alarm
- Detector Backside for Easy Wiring
- NC, NO, COM wiring option for relay output
- **Technical Parameter:**

model	AC-SD1068
sensor	photoelectric detector
alarming current	≤20mA
static current	≤10mA
working voltage	DC12V
working environment	-10°C-50°C
installation	ceiling mounted
alarm method	networking/LED indicator
buzzer	85dB/m
sensitivity level	grade 1
detector scale	20m
dimension	105*105*50m
alarm output	NC or NO
guarantee	One year,lifetime service
