

Electronic Time Recorder

Model i58A

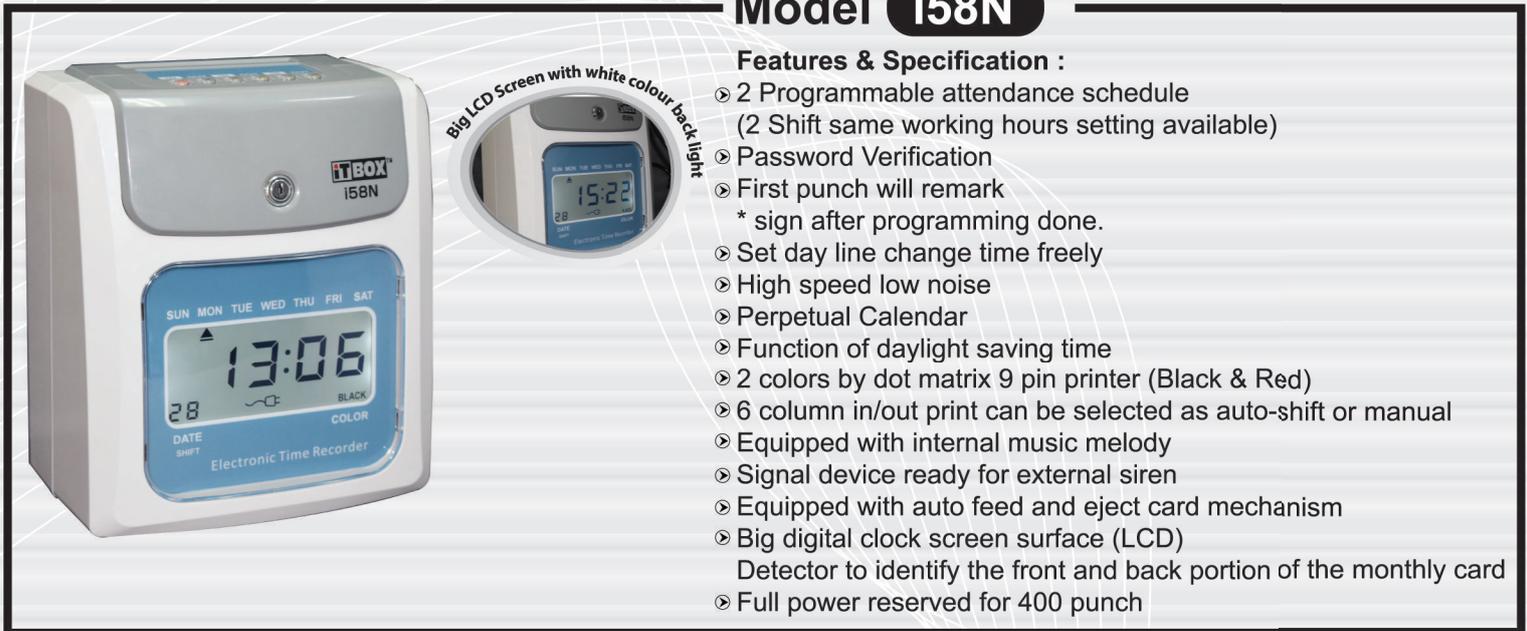

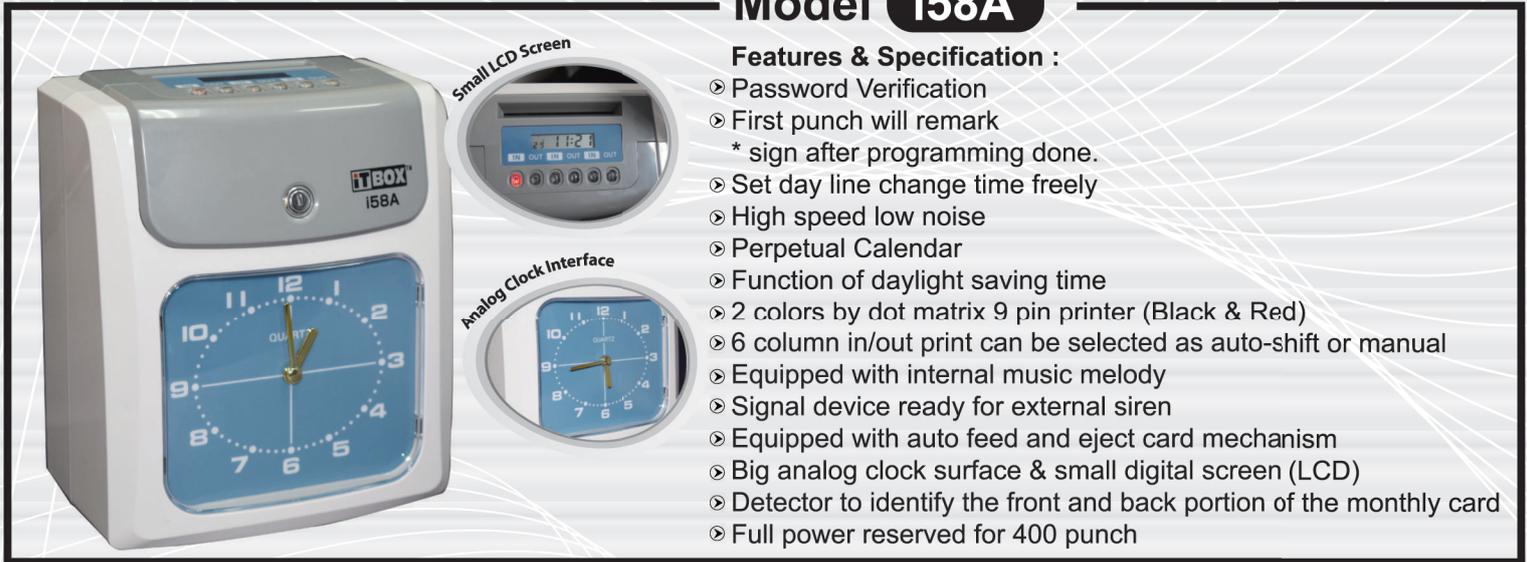

Features & Specification :

- ⊗ Password Verification
- ⊗ First punch will remark * sign after programming done.
- ⊗ Set day line change time freely
- ⊗ High speed low noise
- ⊗ Perpetual Calendar
- ⊗ Function of daylight saving time
- ⊗ 2 colors by dot matrix 9 pin printer (Black & Red)
- ⊗ 6 column in/out print can be selected as auto-shift or manual
- ⊗ Equipped with internal music melody
- ⊗ Signal device ready for external siren
- ⊗ Equipped with auto feed and eject card mechanism
- ⊗ Big analog clock surface & small digital screen (LCD)
- ⊗ Detector to identify the front and back portion of the monthly card
- ⊗ Full power reserved for 400 punch

Model i58N

Features & Specification :

- ⊗ 2 Programmable attendance schedule (2 Shift same working hours setting available)
- ⊗ Password Verification
- ⊗ First punch will remark * sign after programming done.
- ⊗ Set day line change time freely
- ⊗ High speed low noise
- ⊗ Perpetual Calendar
- ⊗ Function of daylight saving time
- ⊗ 2 colors by dot matrix 9 pin printer (Black & Red)
- ⊗ 6 column in/out print can be selected as auto-shift or manual
- ⊗ Equipped with internal music melody
- ⊗ Signal device ready for external siren
- ⊗ Equipped with auto feed and eject card mechanism
- ⊗ Big digital clock screen surface (LCD)
- ⊗ Detector to identify the front and back portion of the monthly card
- ⊗ Full power reserved for 400 punch

Metal key switch

Crystal Button

Solid Cover Design

Quality Printing

- ⊗ Powerful power circuit design suitable for all range environment use :
Office / Shop / Shopping mall / Big factory /
Government Department / Hospital / Restaurant / Construction site
- ⊗ Net Weight : 1.75Kgs
- ⊗ Gross Weight : 2.15Kgs
- ⊗ Dimension : 190(W) x 115(D) x 220(H)mm
- ⊗ Package Size : 255(W) x 185(D) x 280(H)mm
