

# Spektra WaterTech Sdn Bhd

Your water treatment expert

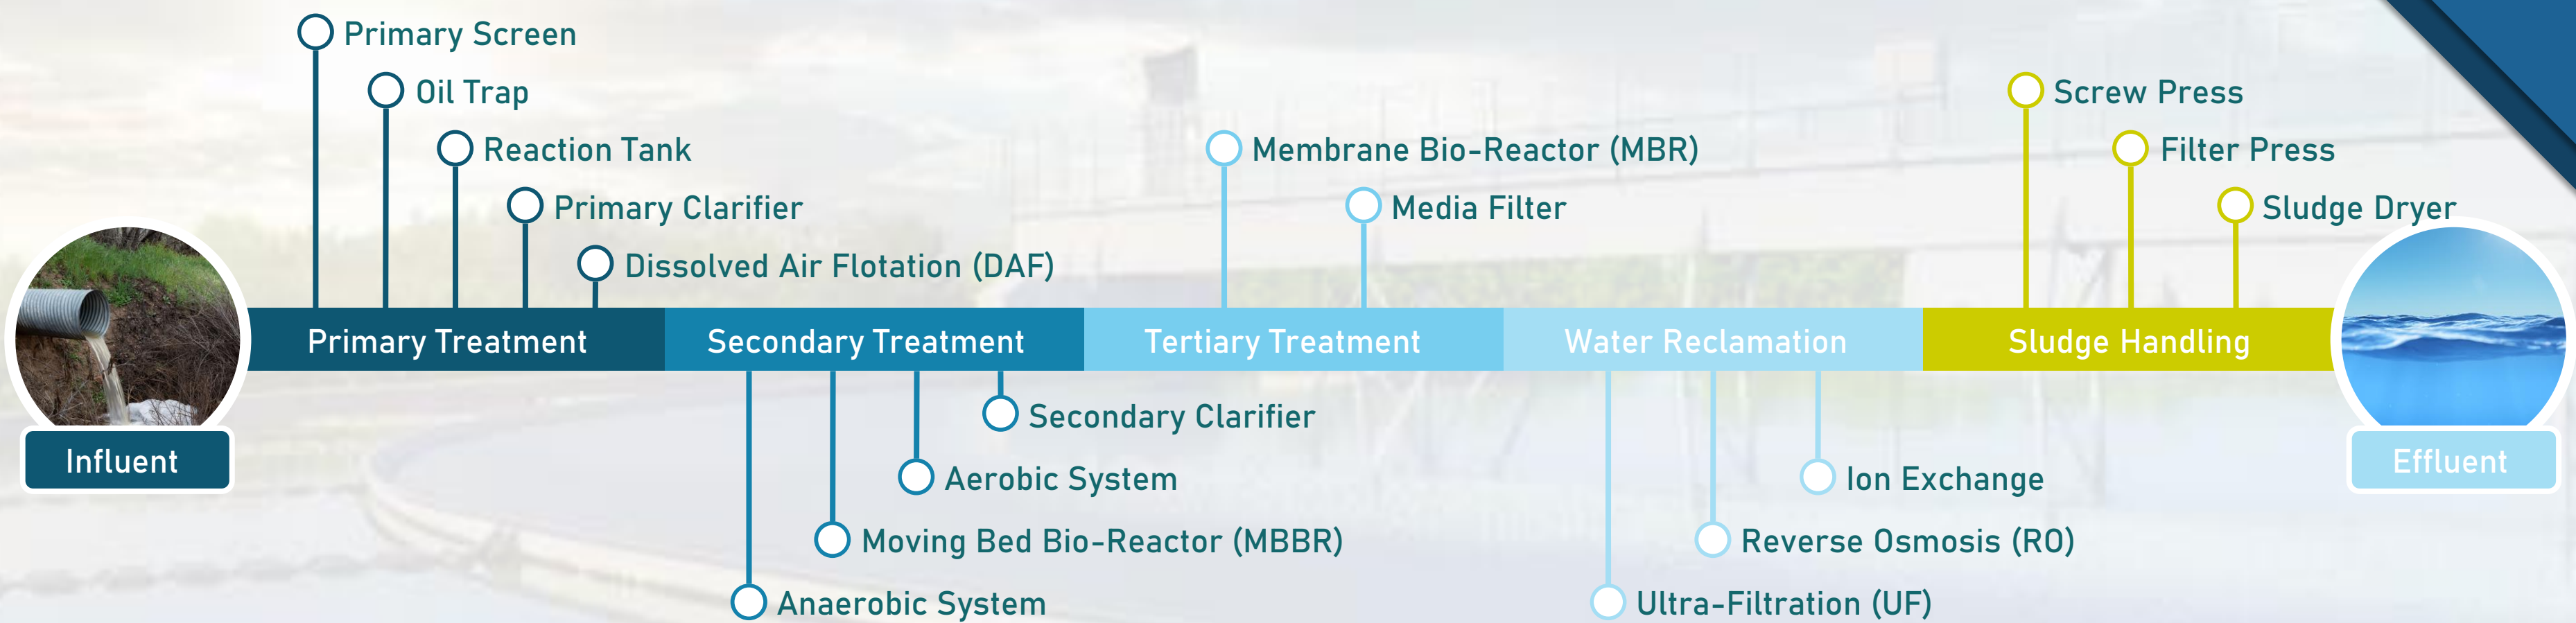

# About Us

Spektra WaterTech Sdn Bhd is established to provide total solutions in water industry.

We have more than 20 years experience and successfully installed a large number of water treatment plants for various industries

The plants size ranging from very small flow to upwards of 25,000 m³/day for municipal, potable and industrial effluent.

More than 100 successful projects

## Why Water Reclamation?

Approximate

RM 17,000

Can be save per year for every 1m³/hr of reclaimed water produced (using average water rate of RM2.00/m³)

3 Years ROI

We are the distributor of

阪神動力機械株式会社  
HANSHIN ENGINEERING Co., Ltd.

# Our Services

## Engineering Design & Consultation

- Industrial Effluent Treatment System (IETS)
- Process Water System
- Ultra Pure Water System (UPW)
- Water Reclamation System
- Sewage Treatment Plant (STP)
- Desalination System
- System troubleshooting
- System upgrading

## Fabrication & Installation Work

- Skid fabrication
- Steel Structure Fabrication
- Site installation

## Operation & Monitoring Work

- Provide manpower 24/7 Basis
- IETS Performance monitoring by Competent person
- Bacteria cultivation

## Maintenance and Services Work

- Mechanical repair & maintenance
- Instrument calibration
- Media replacement
- Pipeline flushing
