- 4 pre-set scenes
- Auto shutdown after 60 mins
- Link up to 3 pcs with one remote control

Highlights

Soft night light

Help your loved ones drop off to a sleep in soft night light.

Eyecomfort

Poor quality light can cause eye strain. With many of us spending time indoors, it's more important than ever to properly light your home. Our products meet stringent test criteria including flicker, strobe, glare, color rendition and dimming effects to ensure they meet EyeComfort requirements. Philips LED bulbs not only deliver comfortable light, but also stay that way for the duration of their lifespan, delivering consistent light quality, output, and color for more than a decade. Switch to light that's easy on your eyes. Your eyes will thank you.

Tunable color temperature

Shift from crisp white light for focus to a warm yellow light for relaxation.

Remote control included for your convenience

Choose different light colors, dimming levels and select between different pre-set light settings.

High performance, durable diffuser for uniform lighting and reduced glare.

This diffuser distributes soft light evenly across your rooms.

4 pre-set scenes

Enjoy different ambiances with the convenience of pre-set light scenes for every occasion.

Auto shutdown after 60 mins

When sleep mode is on, the light will automatically go out after 60 minutes. No more getting up in the middle of the night just to switch the light off.

Link up to 3 pcs with one remote control

Control all lighting in your room without having to get up with this powerful and smart remote control.
