Install your Ecofit LED Tube with 6 easy steps

Most of the Ecofit LEDtubes do not require rewiring and can simply be retrofitted into many existing fittings.

Plug and play (retrofit)

- 

1. Turn off power
- 

2. Remove old fluorescent tubes
- 

3. Remove starter
- 

4. Insert EMP starter
- 

5. Install Philips LEDtube
- 

6. Turn on power
