

## LED VALUE HV MR16 50 LED ECO HV MR16 50

High-voltage LED reflector lamps MR16 with retrofit pin base

CRI  
80

### LED VALUE HV MR16 50

\* Lamp + socket

<sup>1</sup> All technical parameters apply to the complete lamp. Due to the complex manufacturing process of light emitting diodes, the specified typical values of the LED parameters merely represent purely statistical variables. They do not necessarily correspond to the actual technical parameters of each individual product, which can deviate from the typical value

<sup>2</sup> LED lamps can be operated with a wide variety of commercially-available dimmers; details and results of compatibility tests can be seen at [www.ledvance.com/dim](http://www.ledvance.com/dim) and in the additional technical product information sheets linked there
