

BELEGANT

BRIGHT MAKER

TRACKLIGHT SERIES

features

- ⇒ High colour rendering index, restore true colour of environment
- ⇒ Uses a secondary cooling fan technology, high-stability continue to work
- ⇒ Can frequent switching starts, flicker and glare free, and good colour performance
- ⇒ A variety of colours available, to meet the different needs of range of environments

standard specification

Lifetime

25,000 hours

Colour Temp

available in
warmwhite (3000K)
coolwhite (4000K)

Applications

Environmental Conscious

no UV, IR and mercury pollution
in line with the relevant recognition permit requirements

Low-Cost Operation

energy saving and durable: saving 80% energy than halogen lamp, dual thermal dissipation structure

dimension

Watt (w)	Diameter (mm)	Length (mm)
10	54	135
20	68	160
30	78	180

installation accessory *optional*

Track Copper

available in
colour: black/ white
size: 1 meter/ 2 meters/ 3 meters

Lamp Fitting Track

socket available in
GU10
GU5.3
