

USB WALL SOCKET

PRESTIGE™

EFFICIENT CHARGING SOLUTIONS

USB WALL SOCKET

Compatible with USB Devices Charging

PRODUCT FEATURE

- 2 USB Ports: Convenient device charging.
- Fast Charging Technology: Quick power delivery.
- Surge Protection: Device safety ensured.
- Universal Compatibility: Works with various devices.
- Space-saving Design: Compact and efficient use.

LED indicator light
Indicate charging source

Charging switch
power on when USB shutter is open,
Power off when USB shutter is shut,
which is energy-saving and can
extend its life.

Socket hole protection gate
Double protection gates prevent
single pole inserting and
ensure safety

USB Shutter
Protect USB charging interface
and LED indicator light, dust prevention

USB charge interface
Connect the USB charging cords,
Output 5V/1000MA

Three holes universal socket
Tin-phosphor bronze material makes
it high strength, good elasticity,
nondeformable, good conductivity,
10A/110-250V alternating current

Panel
High quality imported PC material
ensures high Toughness, high-impact,
superior flame retardancy

Installation Steps

Decorative plates

Module

Fixed plate

Mounting box
