Product Specifications

AC Input: 220 ~ 240Vac

Lifetime (typical): 30,000 hours at ta 25°C

System Power: 100W/150W/200W

LED Lumen Maintenance: LM80

Color: RGB

Electrical Safety: Class I

Wavelength: Red: 620nm, Green: 540nm, Blue: 450nm

Compliant: IEC

Beam Angle: 120°

Heatsink material: Aluminium Casting

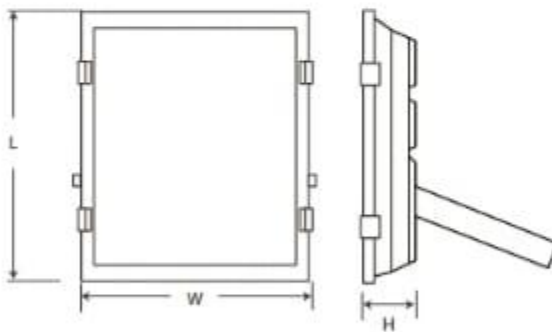

Operating Temperature: -20°C ~ +50°C

Luminaire Cover Material: Frosted Tempered Glass

Storage Temperature: -20°C ~ +80°C

IP Rating: IP66

Dimensions

| Model | L | W | H | Weight |
|-------|-------|-------|------|--------|
| 100W | 267mm | 236mm | 47mm | 1.5kg |
| 150W | 308mm | 272mm | 55mm | 3.0kg |
| 200W | 345mm | 310mm | 62mm | 4.0kg |

Application areas

Landscape lighting

Bridge lighting

Architectural lighting

Park Lighting
