LED SOLAR STREET LIGHT

200W

DIE-CAST ALUMINIUM HOUSING
Surface baking process, thickened heat sink, waterproof, anti-corrosion, cold and high temperature.

FAST HEAT DISSIPATION
One-piece aluminium lamp body, fast heat dissipation, anti-corrosion, and anti-oxidation, enhanced life

Model :	LED Solar Street Light 200W			
Size :	210*495*50mm (Solar Light) / 350*580*20mm (Solar Panel)			
Induction Mode :	Light Control, Remote Control, Time Control (3H, 5H, 8H)			
Others :	Force Open/Close, Dimmable			
Solar Panel :	Polycrystalline Silicon (30W)	**Installation Height :**	6~8m
Battery :	30AH 3.2V	**Rainy Day :**	3~4 Days
Power :	200W	**Working Time :**	10~14 Hours
Colour Temperature :	6500K (Daylight) / 3000K (Warm White)	**Working Temperature :**	-30℃~60℃
IP Rating :	IP65	**Charging Time :**	6~8 Hours
