LIGHT UP EMOTIONS

## KC1 Spotlight

### Excellent Chip

Splendid COB , Ra $\geq$ 90 , R9>60

### Simon constant current driver

IC constant current drive, with anti-over-voltage and short circuit protection;  
The power input line is specially designed for self-weight +4N tension.

### Various structure

Multiple modular, match with 11 kinds of frame

### Exact lighting distribution

Lens + reflector secondary optical design; TIR anti-osmotic lens; Various beam Angle, minimum to 10°

### Efficient heat sink

Better for heat conduction by using good die-casting aluminum

### Easy maintenance

Modular structure, the components can be disassembled and replaced by hand
