SAFETY CANS : Safety Storage Cans Type 1 & 2

Keeping flammable liquids safe and easy to handle is a serious agenda. Safety cans are the perfect solution for storing, pouring, and disposing of flammable liquids with maximum safety. These cans are specifically designed for safe pouring of flammable liquids without spillage. It also automatically relieves the built up internal pressure, preventing explosion and personal injury.

Type 1 - These cans have a single spout for both pouring and filling.

Type 2 - These cans have separate openings for both filling & for pouring. The pouring is done with a flexible metal spout.

Type 1 - Safety Cans

Type 2 - Safety Cans

Reliable Double Torsion Spring (RDTS) - Type 1 & Type 2

It is the first line of defence in preventing an explosion or flash-back into the gas can during fire exposure. Automatically relieves internal pressure which prevents can explosion. These cans fitted with RDTS are the only cans in the market that comply with ANSI/UL 30 and FM testing standards.

Powder Coat Finish - Type 1 & Type 2

This finishing is a matted surface of pigment & resin. It sticks to the can as a continuous film when melted and fused, creating both a decorative and protective surface. The result is a smooth, durable, and high-quality finishing.

Full Flow Flash Arrestor - Type 1 & Type 2

Protects flammable contents from external sparks or flames. Full flow design allows for faster filling at the gas pump and prevents annoying nozzle click off. Quarter-turn can locking ring meets the requirements to be replaceable and secure in place.

Vapour Control Flexible Nozzle - Type 2

Directs the flow to control spilling and the escape of toxic vapours. A brass tip prevents sparking or static build up.

Product Code		Capacity		Weight (Lbs)
Type 1				
T1 - 10	SC1000	1 Gallon	4 Litres	5
T1 - 20	SC1020	2 Gallon	7 Litres	6
T1 - 25	SC1025	2 1/2 Gallon	9 Litres	8
Type 2				
T2 - 20	SC2020	2 Gallon	7 Litres	9
T2 - 25	SC2025	2 1/2 Gallon	9 Litres	10

Keep all acids safe with Flammable/Corrosive Storage Cabinets for both flammable and non-flammable corrosives. Finished in blue corrosive-resistant paint.

Features:

- Double wall thermal barrier with 30mm insulating barrier.
- Inlet & outlet jacket can be totally sealed.
- Adjustable shelves are enforced to support 90kg load.
- Manual door(s) with open close function latch with locks.
- Stainless steel door hinges.
- Prominent hazard label at door.
- Baked epoxy powder finish.
- Levelling screw at foot.
- Cabinet with built-in earth cable.
- Dual vent built-in with a 50mm suction neck option for suction system.

SAFETY STORAGE CABINETS

Keep flammable liquids away from the work area in a safe and organized way with Safety Storage Cabinets. Designed to meet safety requirements for handling of flammable liquids.

Features:

- Double wall thermal barrier with 30mm insulating air barrier.
- Inlet & outlet jacket can be totally sealed.
- Adjustable shelves are enforced to support 90kg load.
- Manual doors with open-close function latch with locks.
- Stainless steel door hinges.
- Prominent hazard label at door.
- Baked epoxy powder finish.

DRUM STORAGE CABINETS

Our Flammable Drum Storage Cabinets is an additional storage space for accessories or containers. Drum storage cabinets come with drum supports and Haz-Drum cabinets include drum rollers for easy drum handling.

Features:

- 2 manual closing door.
- Door c/w 1 shelf & oil drum roller.
- Dim: 65"(H) x 59"(W) x 34"(D).
- Double wall construction with 1 1/2" air space.
- Galvanized steel shelving.
- Minimal air gaps provide better protection.
- 3-point self-latching (Non-sparking) doors.
- Continuous piano hinge.
- 2" leak-proof sump.
- Paddle lock for security.
- Reinforced 16-gauge all-welded construction.
- Two 2" vents with flash arrestors

Product Code	Capacity	Dimension	Doors	No. of Shelves/Trays
SSD100110	4 gal	65 x 59 x 34	2 manual	1 with Oil Drum Roller

PP SAFETY STORAGE CABINETS

- Safety Cabinets allow increased access to frequently used liquids without compromising safety.
- Comes with double-wall construction, dual vents, grounding wire connection, adjustable shelves, leak proof sills, and levelling feet.
- Portable size keeps work areas flexible.
- Comply with OSHA and NFPA standards.

OIL ONLY LAMINATED SORBENT PAD

Product Code	Size	Quantity	Absorbency	Type
BOS-LMT2002	41cm x 51cm	200pcs/carton	>145litre/carton	Single weight
BOS-LMT4002	41cm x 51cm	100pcs/carton	>145litre/carton	Double weight

These sorbent pads can be used for oil or petroleum base fluid containment only. These laminated oil sorbent pads are dimple perforated & made from melt blown polypropylene fine fibres with increased tensile strength for durability as these laminate sorbent pads can be reused many times. Suitable for clearing up oil spills in ocean, river or lake, shipping terminal, crude storage, workshops, & etc.

OIL ONLY SORBENT SOCK

Product Code	Size	Quantity	Absorbency
BOS-SOC7612	Ø7.6cm x 1.2m	12pcs/carton	>100litre/carton
BOS-SOC7636	Ø7.6cm x 3.6m	5pcs/carton	>100litre/carton

These cellulosic sorbent contained with a flexible polypropylene skin are for the purpose of effectively containing and absorbing liquid oils. These absorbent socks are used as a daily maintenance tool for many industries including chemical plants, heavy & light manufacturing, transportation, printing, & etc. They fit snugly against machine bases and wrap around corners, preventing spills & drips.

OIL ONLY SORBENT PILLOW

Product Code	Size	Quantity	Absorbency
BOS-PIL2025	20cm x 25cm	32pcs/carton	> 90litre/carton
BOS-PIL4050	40cm x 50cm	16pcs/carton	>144litre/carton

Sorbent pillows meet a variety of clean up and safety needs. Oil sorbent pillows are useful for absorbing oil in confined areas such as sumps, fluid reservations, bilges and tanks. These sorbent pillows are fast absorbing and easy to deploy.

OIL ONLY SORBENT FOLDED

Product Code	Size	Quantity	Absorbency
BOS-FLD3802S	38cm x 15m	1 roll/carton	> 32litre/carton

These folded oil sorbents are dimple perforated & made from meltblown polypropylene fine fibres with increased tensile strength for durability as these sorbent pads can be reused many times. It can be used for effective containment of oil or petroleum base fluid only. Folded oil sorbents can be used as booms, pillows, pads, or rolls, making sorbents extremely versatile as a spill response product.

UNIVERSAL SORBENT PAD

Product Code	Size	Quantity	Absorbency	Type
MOS-LMT2002	41cm x 51cm	200pcs/carton	>145litre/carton	Single weight
MOS-LMT4002	41cm x 51cm	100pcs/carton	>145litre/carton	Double weight

These versatile universal sorbent pads can be used for acids and non-aggressive spills like oil, coolant, water, & solvent on open space surface. These universal sorbent pads are dimple perforated & made from meltblown polypropylene fine fibres with increased tensile strength for durability as these sorbent pads can be reused many times. It can be used to cover, scatter, or paved onto the spill oil or chemical on floor.

UNIVERSAL SORBENT SOCK

Product Code	Size	Quantity	Absorbency
MOS-SOC7612	Ø7.6cm x 1.2m	12pcs/carton	>100litre/carton
MOS-SOC7636	Ø7.6cm x 3.6m	5pcs/carton	>100litre/carton

These cellulosic sorbent contained with a flexible polypropylene skin for the purpose of containing and absorbing oil solvents, water, and other non-aggressive liquids that leak or drip from any source. Absorbent socks are used primarily in everyday house-keeping around machineries that leak, seep, & spill coolants or oils. They fit snugly against the machine bases and wrap around corners, keeping the work area safe & dry.

UNIVERSAL SORBENT PILLOW

Product Code	Size	Quantity	Absorbency
MOS-PIL2025	20cm x 25cm	32pcs/carton	> 90litre/carton
MOS-PIL4050	40cm x 50cm	16pcs/carton	>144litre/carton

Sorbent pillows meet a variety of clean up and safety needs. Universal sorbent pillows are useful for absorbing oil, coolants, solvents, water, and other non-aggressive liquids that leak or drip from machineries. These sorbent pillows are fast absorbing and easy to deploy.

UNIVERSAL SORBENT FOLDED

Product Code	Size	Quantity	Absorbency
MOS-FLD3802S	38cm x 15m	1 roll/carton	> 32litre/carton

These folded universal sorbents are dimple perforated & made from meltblown polypropylene fine fibres with increased tensile strength for durability as these sorbent pads can be reused many times. It can be used to absorb acids, non-aggressive spills like oil, coolant, water, & solvent. These folded universal sorbents can be used as booms, pillows, pads, or rolls, making sorbents extremely versatile as a spill response product.

CHEMICAL SORBENT PAD

Product Code	Size	Quantity	Absorbency	Type
HOS-LMT2002	41cm x 51cm	200pcs/carton	>145litre/carton	Single weight
HOS-LMT4002	41cm x 51cm	100pcs/carton	>145litre/carton	Double weight

These chemical sorbents pads can be used for aggressive & non-aggressive chemicals such as acids and caustic liquids. These chemical sorbent pads are dimple perforated & made from melt blown polypropylene fine fibres with increased tensile strength for durability as these sorbent pads can be reused many times. Ideal for laboratory spills and transportation of hazardous material spill response.

CHEMICAL SORBENT SOCK

Product Code	Size	Quantity	Absorbency
HOS-SOC7612	Ø7.6cm x 1.2m	12pcs/carton	>100litre/carton
HOS-SOC7636	Ø7.6cm x 3.6m	5pcs/carton	>100litre/carton

These cellulosic sorbent contained with a flexible polypropylene skin are for the purpose of containing & absorbing petroleum-based fluids, aggressive & non-aggressive chemicals, and aqueous-based solutions, reducing the need to stock several different sorbent types for emergency response. They fit snugly against the machine bases and wrap around corners, keeping the work area safe & dry.

CHEMICAL SORBENT PILLOW

Product Code	Size	Quantity	Absorbency
HOS-PIL2025	20cm x 25cm	32pcs/carton	>90litre/carton
HOS-PIL4050	40cm x 50cm	16pcs/carton	>144litre/carton

Sorbent pillows meet a variety of clean up and safety needs. Chemical sorbent pillows are useful for absorbing petroleum-based solutions, aggressive & non-aggressive chemicals, and aqueous-based solutions. These chemical sorbent pillows are fast absorbing and easy to deploy.

CHEMICAL SORBENT FOLDED

Product Code	Size	Quantity	Absorbency
HOS-FLD3802S	38cm x 15m	1 roll/carton	>32litre/carton

These folded chemical sorbent are dimple perforated & made from meltblown polypropylene fine fibres with increased tensile strength for durability as these sorbent pads can be reused many times. It can be used to absorb petroleum-based solutions, aggressive & non-aggressive chemicals, and aqueous-based solutions. Folded chemical sorbents can be used as booms, pillows, pads, or rolls, making sorbents extremely versatile as a spill response product.

240 litre Dispenser Spill Kit Cart - Oil Only

Model:
SK683838

These dispenser spill kit carts offer maximum oil & petroleum absorption at a great efficiency no matter on land or water. Hydrophobic polypropylene (repel water) for reliable absorption of oil and petroleum. Absorption capability up to 230 litres.

Contents:

- 1 pc - 240 litre Transporter
- 4 pcs - Oil-only Sorbent Sock BOS-SOC7636
(1pc - able to absorb > 25 litres)
- 8 pcs - Oil-only Sorbent Pillow BOS-PIL4050
(1pc - able to absorb > 9 litres)
- 40 pcs - Oil-only Sorbent Pads BOS-LMT4002
(1pc - able to absorb > 1.45 litres)
- 10 pcs - Hazardous material disposable bags 42" x 52"
- 10 pcs - Cable ties
- 2 pcs - Disposable coveralls
- 2 pcs - Anti-fog goggles
- 2 pcs - Nitrile gloves

240 litre Dispenser Spill Kit Cart - Universal

Model:
SK293939

These universal dispenser spill kit carts are applicable for multipurpose usage. Universal sorbents are best for absorbing chemical spills, leaks, & drips. Solvents, coolants or even stronger acids and caustics can be readily absorbed with these sorbents. Absorption capability up to 230 litres.

Contents:

- 1 pc - 240 litre Transporter
- 4 pcs - Universal Sorbent Sock MOS-SOC7636
(1pc - able to absorb > 25 litres)
- 8 pcs - Universal Sorbent Pillow MOS-PIL4050
(1pc - able to absorb > 9 litres)
- 40 pcs - Universal Sorbent Pads MOS-LMT4002
(1pc - able to absorb > 1.45 litres)
- 10 pcs - Hazardous material disposable bags 42" x 52"
- 10 pcs - Cable ties
- 2 pcs - Disposable coveralls
- 2 pcs - Anti-fog goggles
- 2 pcs - Nitrile gloves

240 litre Dispenser Spill Kit Cart - Chemical Only

Model: **SK573737**

These dispenser spill kit carts are designed for quick response to contain all types of aggressive acids & caustics liquid spills, leaks & drips before migration occurs. Absorption capability up to 230 litres.

Contents:

- 1 pc - 240 litre Transporter
- 4 pcs - Chemical Sorbent Sock HOS-SOC7636 (1pc - able to absorb > 25 litres)
- 8 pcs - Chemical Sorbent Pillow HOS-PIL4050 (1pc - able to absorb > 9 litres)
- 40 pcs - Chemical Sorbent Pads HOS-LMT4002 (1pc - able to absorb > 1.45 litres)
- 10 pcs - Hazardous material disposable bags 42" x 52"
- 10 pcs - Cable ties
- 2 pcs - Disposable coveralls
- 2 pcs - Anti-fog goggles
- 2 pcs - Nitrile gloves
