AL-HVR Red Beam

Horizontal/ Vertical Rotating Laser

The AL-HVR is a heavy duty horizontal and vertical self-levelling laser. This laser is ideal for both general and interior construction applications.

aLine

AL-HVR Red Beam Horizontal/ Vertical Rotating Laser

Product code: AL-HVR

FEATURES

- Electronic self-levelling applications
- Horizontal and vertical self-levelling
- Plumb up and down beam for 90° layout work
- Clockwise and counterclockwise spinning function
- Dual slope operation
- 500m working range
- Accuracy: +/- 3mm at 30m
- NiMh battery pack

KIT INCLUDES

- AL-HVR laser
- Detector and clamp
- Red laser enhancing glasses
- Remote control
- Rechargeable batteries
- Charger
- Wall mount bracket
- Carry case

| SPECIFICATIONS | |
|----------------|--------------------|
| Working range | 500m with detector |
| Accuracy | ± 3mm at 30m |
| Run time | Approx. 20 hours |
| IP rating | 54 |
| Laser class | 3R |
