

LED SOLAR STREET LIGHT

1,760lm

200W

DAYLIGHT

Single Color Temperature

Efficient Easy to install Solar-Powered

Ideal for outdoor, commercial and industrial spaces.

LED SOLAR STREET LIGHT

6500K
DAY LIGHT

High-Efficiency Solar Panel

Converts sunlight into electricity with superior energy conversion efficiency.

Built with **Monocrystalline Silicon**
Premium Cells for Maximum Efficiency

HIGH PERFORMANCE & ENERGY SAVING

Solar-Powered Efficiency

Bright and efficient lighting with zero electricity cost

Comfortable Light Output

Adaptable to various scenes – from security to ambiance

Long Lifespan

Up to 25,000 hours of consistent performance

LED SOLAR STREET LIGHT

Long Lifespan

100% Solar Powered

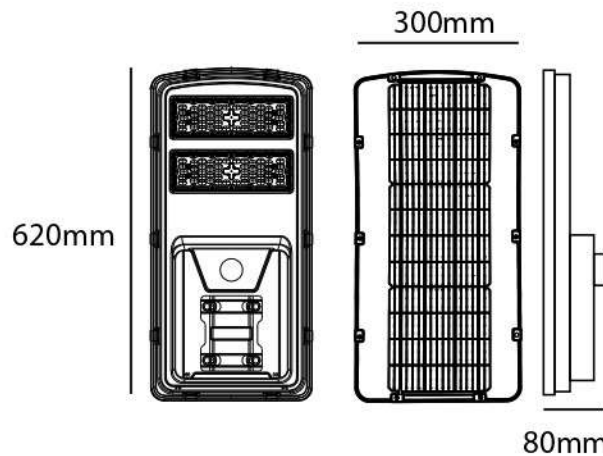

Wide Beam Angle

Stable Brightness

LED SOLAR STREET LIGHT
