

GRANITE KITCHEN SINK PACKAGES **A**

HCE has been expertise in granite kitchen sink with its innovation and technologies. The company constructed to the highest manufacturing standard in the world and only use premium grade of nature granite PMMA QG80, which is a certification mark that indicates our items is made by high grade natural granite in the industry.

Their granite kitchen sink are rock hard and resistant to scratch and dirt, which makes the sink have premium performances with extremely durable and easy to clean. Besides, its silky texture surface have high aesthetical, strong sensation and luxurious impact.

Furthermore, HCE products applicable to CSA and CE standard that has been tested and meet the requirement in Canadian, US & European. These international certification mark indicates conformity with health, safety, and environment protection standard for product sold.

Certified for Canada and the USA

European conformity testing
