Derived from HCE tagline - **BEST QUALITY PROVIDER**, HCE assures you that its products are manufactured from strong durable materials of the finest quality.

With over 60 years of history, HCE has always been known as a trusted brand synonymous with innovation, design and quality. As part of HCE's commitment towards creating a healthy and green environment, HCE products add hygiene, comfort and functionality to your home with its offerings on a wide range of stainless steel sink units, stainless steel work-tops, granite sinks, ceramic sinks and stainless steel wasbasins.

TECHNOLOGY

The R&D team of HCE has continually strived for product technology innovation and ongoing advancement that bring forth the best kitchen sink to its users. Powering the HCE's One Piece Stainless Steel Technology.

HCE has its expertise and great experience on the production of non-welded stainless steel sink units. 90% of all HCE's stainless steel sink units are produced in one piece.

Certified for Canada and the USA

European conformity testing

Only For Rust

Only For Cartridge
