

# CHAINSAW OIL 320

CHAINSAW OIL 320 is a high quality chain saw oil, based on paraffinic base stocks fortified with a special “tackiness agent” to provide an extreme adhesive strength towards the chain, thus minimising oil loss and providing excellent lubricating properties. CHAINSAW OIL 320 is especially developed to lubricate the chain of chain saws to prevent it from breaking or getting jammed. CHAINSAW OIL 320 is NOT suitable to lubricate the engine.
