

SUPPLEMENTARY MENU

 <p>DOT-3 BRAKE FLUID Unleaded brake fluid of high dielectric strength. Superior wetting properties. High boiling point. Excellent protection against corrosion. Meets or exceeds DOT-3 specifications. A high quality product for use in all DOT-3 brake systems.</p>	 <p>DOT-4 BRAKE FLUID Unleaded brake fluid of high dielectric strength. Superior wetting properties. High boiling point. Excellent protection against corrosion. Meets or exceeds DOT-4 specifications. A high quality product for use in all DOT-4 brake systems.</p>	 <p>ENGINE TREATMENT An advanced treatment for all internal combustion engines. It cleans, lubricates, and protects engine components. It is formulated to be used in all types of engines, including diesel engines. It is a high quality product for use in all internal combustion engines.</p>
 <p>INJECTOR CLEANER A specialized injector cleaner that cleans and protects fuel injectors. It is formulated to be used in all types of engines, including diesel engines. It is a high quality product for use in all internal combustion engines.</p>	 <p>UNIVERSAL POWER STEERING FLUID A universal power steering fluid that cleans and protects power steering systems. It is formulated to be used in all types of power steering systems, including hydraulic and electric power steering systems. It is a high quality product for use in all power steering systems.</p>	 <p>RADIATOR COOLANT A radiator coolant that cleans and protects radiators. It is formulated to be used in all types of radiators, including aluminum and steel radiators. It is a high quality product for use in all radiators.</p>
 <p>ENGINE FLUSH An engine flush that cleans and protects engines. It is formulated to be used in all types of engines, including diesel engines. It is a high quality product for use in all internal combustion engines.</p>	 <p>ENGINE METAL TREATMENT An engine metal treatment that cleans and protects engine metal components. It is formulated to be used in all types of engines, including diesel engines. It is a high quality product for use in all internal combustion engines.</p>	 <p>ENGINE TREATMENT MOTORCYCLE An engine treatment for motorcycles that cleans and protects engine components. It is formulated to be used in all types of motorcycles, including street and off-road motorcycles. It is a high quality product for use in all motorcycles.</p>
 <p>OCTANE BOOSTER An octane booster that increases the octane rating of gasoline. It is formulated to be used in all types of gasoline engines, including high-performance engines. It is a high quality product for use in all gasoline engines.</p>	 <p>RADIATOR COOLANT A radiator coolant that cleans and protects radiators. It is formulated to be used in all types of radiators, including aluminum and steel radiators. It is a high quality product for use in all radiators.</p>	 <p>OIL TREATMENT PLUS An oil treatment plus that cleans and protects engine oil. It is formulated to be used in all types of engines, including diesel engines. It is a high quality product for use in all internal combustion engines.</p>
 <p>OIL TREATMENT An oil treatment that cleans and protects engine oil. It is formulated to be used in all types of engines, including diesel engines. It is a high quality product for use in all internal combustion engines.</p>	 <p>DIESEL FUEL TREATMENT A diesel fuel treatment that cleans and protects diesel fuel. It is formulated to be used in all types of diesel engines, including heavy-duty diesel engines. It is a high quality product for use in all diesel engines.</p>	 <p>GEAR TREATMENT A gear treatment that cleans and protects gear oil. It is formulated to be used in all types of gear systems, including manual and automatic gear systems. It is a high quality product for use in all gear systems.</p>

The use of automatic transmission and gear shifting system as recommended by the vehicle manufacturer formulated to meet the latest, stringent, Korean and Chinese vehicle manufacturers requirements.</p>

ENGINE OIL BROCHURE

BIKE ENGINE OIL

- **MUSCLE TECH AT 20W-50 SN/CJ4 SYNTHETIC**
Power Up AT 20W-50 SN/CJ4 is a SPECIALLY formulated premium engine oil with MAS formula (Metal Treatment, Additives & Synthetics). The unique Metal Treatment in this MAS formulation penetrates into micropores to form a tough low friction shield which is able to withstand friction 4 to 5 times more than almost all the premium engine oil in the market. It is specially formulated for use in motorcycle gasoline (petrol) engines i.e. 4 stroke engines.
- **MUSCLE TECH AT 10W-40 SEMI/CF4 SYNTHETIC**
Power Up AT 10W-40 SN/CJ4 SYNTHETIC ENGINE OIL is a SPECIALLY formulated premium engine oil with MAS formula. The unique Metal Treatment in this MAS formulation penetrates into micropores to form a tough low friction shield which is able to withstand friction 4 to 5 times more than almost all the premium engine oil in the market. It is specially formulated for use in motorcycle gasoline (petrol) engines i.e. 4 stroke engines.
- **MUSCLE TECH AT 15W-40 SN**
Power Up AT 15W-40 SN/CJ4 SYNTHETIC ENGINE OIL is a SPECIALLY formulated premium engine oil with MAS formula. The unique Metal Treatment in this MAS formulation penetrates into micropores to form a tough low friction shield which is able to withstand friction 4 to 5 times more than almost all the premium engine oil in the market. It is specially formulated for use in motorcycle gasoline (petrol) engines i.e. 4 stroke engines.
- **ECO TECH AT SAE 40**
Eco Tech Mono-Grade AT SAE 40 mineral engine oil and it is formulated for multiple purpose usage & economical lubrication for petrol & diesel engines. It is designed for vehicles that do not have high thermal load against performance. It is suitable for owners whose vehicles their vehicle often in older vehicles which have a tendency of draining unnecessary engine oil.
- **ECO TECH AT TA**
Power Up TA is a mixture of small amount of additives, solvent and high quality mineral base oil. It is specially formulated for use in 2-stroke motorcycle gasoline (petrol) engine.
- **ATF**
 - ATF DEXRON III, M/H
 - ATF SPIII
 - ATF T-4
- **GEAR OIL**
 - GL 80/90
 - GL 5 75W90
 - GL 5 75W140

Power Up GLS is a multi purpose gear lubricant manufactured from selected highly refined base oil and blended with full range additives. This combination creates a product with excellent chemical and thermal stability over a wide range of temperature.
