

Scissor lift tables provide an ergonomic solution to lifting, positioning and transporting heavy loads.

- Compact – Sturdy manual scissor lift designed to transport and pick goods becoming your reliable partner in the everyday work.
- Easy handling granted by ergonomic handle and the combination of fixed and steering polyurethane wheels.
- Ease of Use – Thanks to the efficient hydraulic foot pump the scissor trolley can be brought to the desired height to easily pick or raise working materials. With the lever on the handle it is possible to lower the table without clicks with the utmost precision.
- Safety – The foot brakes on the steering wheels guarantee perfect stability during operations.
- Working Environments – a scissor lift table is perfect for order preparation and goods mobilisation.
