**GLOBAL METAL SUPPLY CHAIN MANAGEMENT
EXPERT IN MALAYSIA**

PIONEER IN STEEL INDUSTRY & SATISFIED BY 3,000+ CUSTOMERS

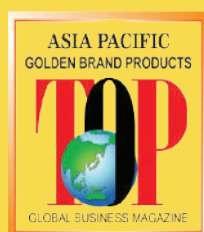

Established in 2004, E Steel Sdn Bhd Specialized in a wide range of high-quality steel products. The company focused on special steel whereas the majority of their products are imported catered for Oil & Gas, Automotive, Medical, Electronics, and Semiconductor industries.

Since then E Steel has become one of the fastest-growing steel stockiest in Malaysia. The business has grown abroad to the Middle East and the rest of ASEAN countries when they launched their eCommerce platform to deal with challenges like payments, high mix low volume, customization, and quality assurance. All these based on their company's motto: "Why buy a full bar or sheet when you just need a small volume?" Today these businesses are still growing rapidly.

Early in 2011, E Steel won the Asia-Pacific Top 100 Enterprise Award ranked by Global Business Magazine.

Later in 2017, E Steel won the International Prestige Brand Award organized by Asia Excellence Entrepreneur Federation (AEEF), recognized for its unique and being outstanding in the respective fields.

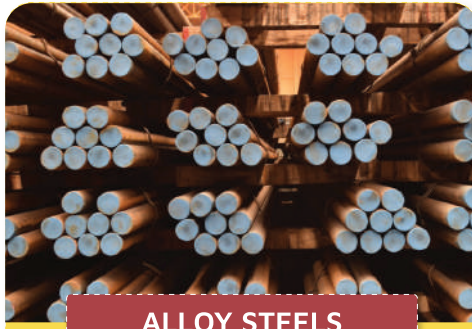

Today, the company owns 3 warehouses with over 50,000 sq ft and many pieces of equipment to help the business in inventories and quick turn-around.
